Little Sinking News.

BY WILD ROSE.

Rev. Crawford Cole is still very low at this writing.

Mrs. Ernest Rogers, is on the sick list this week.

Born, to Willie O. Crabtree and wife the 25th a fine girl, Jessie Ardeine.

Ronthe Dennis who was hurt last week, is improving slowly in a Winchester hospital.

Mrs. Babe Crabtree of Beattyville was visiting her sons and daughter of this place last week.

Hattie Rose who has been on the sick list has improved very rapidly taking medicine under the prescription of Naler Williams.

Monte Cox Pa's good little boy started on his way to Little Sinking, Sunday morning, got 'lost' and when he came to himself he was by his darling's side. Monte says, He'll never regret getting lost.

George Townsend was seen at Donnelly Sunday with an American beauty Rose pinned on the lap-pell of his coat, and Oh! how cheap—they just cost him two pounds of peppermint candy.

Miss Daisy Nickell will give a 'scrubbing' in honor of Lawrence Smyth at the home of Raymond Cole Saturday. All of her friends are invited. 'Don't forget your brushes.' (Girls, take your 'smelling salts with you'.)

Marcum Cox and Ishmel Cole were seen going in the same direction Sunday, singing. 'I'm going on, and for all people know or can tell they are still going.

Ethel Cox says 'there's no pretty girl's but one.' Well who is that Ethel?

I wish to thank Columbus very much for the invitation to gather 'roses.'

The Little Sinking writer would be very glad to have Tom to come over and talk to him as he is a distant relative to him.

J. B. Curry, was thrown from his horse Friday and was slightly injured.

Randa M. Smyth gave the Little Sinking School a call Friday morning.

A young lady met Ishmel Cole Sunday morning and said, 'How are you Ishmel,' Ishmel said, 'Fine and Dandy, Sweet as Candy.'

Raymond Cole spent the day with his mother Sunday.

Charlie Stephens, spent the day with Raymond Cole and family Sunday.

Master Edward Cole spent Sunday night with his brother Raymond Cole.

Mrs. Harry Rogers and daughter, spent the day with Mrs. Minnie Cole last week.

Mrs. Chester Crabtree will give a pie supper at the Little Sinking School house next—when? To treat the rest of the students.

C. B. Smyth seems to be much interested in the school as well as the Jr. Order, and he forgets his books every morning. 'Now Bruce.'

Some young ladies won't go with young men that drink or smoke? You know that puts some people in a 'tight' box. Lawrence Smyth says, 'He isn't scared, says that is just talk.' I guess Lawrence knows. If he don't, who does?

Marcum Cox was sight seeing, not a thousand miles from Boone Dennis' Sunday. The weather is never too cold for Marcum.

Audra News.

BY SNOW DROP.

J. A. and Mrs. Lacy spent Sunday with Jesse M. Smyth.

We hear Hirschel Rogers is visiting in Yellow Jacket Hollow.

Ethel Cox of Crystal, passed thru here Sunday going in the direction of John O'Hara's—he says she's a pretty girl, alright.

Beech Grove School is progressing nicely with an attendance of two or three pupils.

Lawrence Smyth has been busy for some time fixing electric lights in the house and at last he has them completed. Now we are wondering what he will do next.

Mrs. J. A. Lacy has been confined to her room with a sprained ankle, for several days.

The people around Idamay are 'lucky' to have Bro. Cross with them, we wish him success.

Lloyd and Mrs. Jones were at the home of Jesse Smyth Sunday afternoon.

Little Lonnie Profit of Little Sinking is reported sick at this writing.

Bros. Hobbs and Smith of Zachariah will preach for us again at Ohio Fuel Oil camps third Saturday night and Sunday in February. Every body welcome.

John and Tom Barrett the champion wood cutters of this section have been cutting wood for Lawrence Smyth for the past week.

We are glad to hear that Miss Marie King who has been quite ill for some time is up and going again.

It looks like 'Our Bob' would pay us a visit. We haven't any garden gate apples just now but I believe we could find some of some kind.

We hear Marcum Cox has been trading cows with a certain fellow at Ridgewood. Now isn't that an excuse?

The little daughter of Randa Smyth is recovering from a severe cold.

Critt Smyth sure has his nerve, he was out Sunday in his Tin Lizzie.

Lloyd and Mrs. Jones are visiting Mrs. Jones' parents at New Port, Ky., this week.

Robert Barnes was the pleasant guest of Miss Sarah Jones Sunday.

Fixer News.

(BY DOCK WHITE)

The weather is cold about here. The small pox has taken leave of our citizens.

Rothwell Dennis is reported better at this writing.

Ishmel Cole was seen going in the direction of Audra. 'What now Ishmel?'

The Jr. O. U. A. M. is doing fine. They have taken in twelve new members lately.

Deputy Sheriff Link Moore has been visiting hereabouts.

Rev. John R. Hobbs held a revival meeting on the Ohio Fuel Oil Corporation.

Critt Smyth and Walter Smyth took a joy ride Sunday.

Ethel Cox was seen coming from John O'Hara's, riding bare back and feeling fine.

Thomas and Edgar Smyth were skating Sunday.

Margaret Smyth is still on the job telling them—telling what? The Swiss-Cumberland school is progressing fine.

Closing time has come. Next week we will have some fun.

Pleasant Flat News.

(BY MAGNOLIA)

Mrs. Donie Edwards who was visiting her mother, Mrs. C. P. Scholer of Irvine last week, returned home Wednesday and reports her mother improving.

Clyde Burgess was visiting his aunt Belle, Monday of last week, also his mother and father W. C. and Mrs. Burgess.

Robert F. Vanderpool of West Irvine is visiting his cousin, C. M. Vanderpool, also his aunt, Mrs. W. C. Maloney. We are doing everything to make his visit an enjoyable one.

Mrs. Sarah Akers has had a very severe cold but is recovering.

Mrs. C. M. Vanderpool does not seem to be improving as she should—she is confined to bed most of the time.

We understand that Mrs. Mildard Harton's baby is in a very serious condition with pneumonia fever. We wish to extend one sympathy to the parents.

We of the Pleasant Flat district regret the loss of our most estimable friend, Uncle Henry Edwards who lived near Oil and who passed from this life Friday evening the 25th. We regret to hear of his death, and we extend our sympathy to the bereaved sons and daughters.

Abe and Mrs. Evan Seoff and son were visiting her parents, Mr. and Mrs. Spillman of Upper Creek Sunday.

Miss Anna Mae Horton, daughter of M. F. Horton, who has not missed a day of school for two years was stricken with measles Sunday—there being three more days of school when she had to miss.

The measles is raging around here at present and several families have them. The families are, W. B. Hobbs, John Plummer, M. F. Horton and John Arney.

Mrs. Anna Dunigan and babies have been very ill with colds, but she says that 'Bone-set' is a sure cure—but awful bitter.

Belle Point News.

Readers, don't think that Belle Point is dead or the writer either. We are all on foot, working every day, making new lumber and putting up ice.

Just one word to Pleasant Flat—S. B.—Tom didn't go to see that party when you said he did.

We all want to meet at Jim's Sunday at 11:30. He has killed a big hog.

There is a man in this place bootlegging light bread. He has two shipments every week—we hope he won't be caught for it.

T. G. Spurlock chased a rooster one mile the other morning, and back, shooting eighty-five shots at him, and a man by the name of Tom killed him with a rock one hundred yards. We just learned this.

Martha ain't going to the soup house with Tom. She says she will dig ginseng this summer before she will go.

The streets in Belle Point have been mighty slick for several days—nothing running much but wheel-borrows.

Uncle Dick Durbin has returned to Middletown. Tom is lost since he left.

Just one word with 'Crystal Andy.' Are you going to be a candidate for County Judge—if you are come over and help us work on our new road—then we will help you.

Say, I liked to forget to tell you all Tom dogs are better.

Rock of Ages News.

BY "SNOW FLAKES."

Several people of this place paid their last respect to Mr. Henry Edwards by attending his burial service Sunday afternoon at the Akers grave yard.

Friends and relatives of this place extend their hearts sympathy to Mrs. C. M. Vanderpool who is very ill at this writing.

W. C. and Mrs. Burgess were the guest of Mr. and Mrs. W. H. Rall Sunday. A sweet time and a fine dinner was reported.

Arthur Fitch has been visiting in Lexington for several days with his brother Floyd, who has just had an operation for appendicitis. His many friends of this place are very anxious to hear of his recovery.

Dick Durban of Middletown, Ohio is visiting friends and relatives of this place.

Herman Powell was in Owsley county a few days on business.

The advance in oil seems to be the leading subject of every one around here. The first thing when you meet any of the neighbors is, "Did you know oil has raised?" Things will surely open up pretty soon.

T. H. Drake of Lexington spent a business afternoon with W. C. Burgess one day last week.

Mrs. W. C. Burgess called to see Widow Norman who is very ill at present.

Clyde Burgess who for several years was a coal roller in the American Rolling Mill at Middletown, Ohio was recently called to Ashland, Ky. where he will take up his old job with the Armco. He left Tuesday, and his wife and son will join him later.

G. D. and Mrs. Rall of Beattyville are visiting their parents Mr. and Mrs. W. H. Rall of this place.

Mrs. Ella Snowden who for several weeks has been visiting her son in Louisville has returned.

Mrs. Clyde Burgess was in Beattyville Friday, shopping.

REASON is the life of the law.—
Sir Edward Coke.

FORMER PRESIDENT WILSON DEAD.

Former President Woodrow Wilson died at his home in the city of Washington last Sunday morning. His passing takes from the stage of action one of the greatest men in America. He will go down in history as the World War President. Not only will history accord to him the noble work he did in the War of Nations, but it will place him as one of, if not the greatest President America has ever had. His untiring efforts for World Peace is, and always will be, grounded into the hearts of all peace-loving citizens of this great country of ours.

Read the Bible in School.

The Sunday Schools of this city passed resolutions requesting our Representative and Senator to vote and work for the passage of a bill now pending in the Legislature requiring the Holy Bible to be read in the Public Schools of this Commonwealth. It has always been our view that this should be done—the thing we can't understand about it is, why the teaching profession has not been doing this very thing all the while, without being forced to do so by Act of the Assembly. But, we do, or at least, we try to do, all things by some sort of law enacted by the Legislature, and by a not any too well qualified bunch of Legislators. What we are trying to say is that the moral sentiment of every community should be so strong that the people would demand the reading of this Book of Books in the schools. The people are too much governed by Statutory laws, and not governed enough by moral influences in respect to our schools and many other things we could mention—still, this seems to be the only way to secure the reading of the Bible in our schools, and we say by all means let it be done.

B. H. Lovelace For Sheriff.

In its appropriate place will be found in this issue of the Enterprise the announcement of Ben H. Lovelace as a candidate for the Republican nomination for Sheriff of Lee county at the August Primary 1925, and we want to say in this connection that neither the Republican or Democratic parties can confer this important office upon any better qualified man than Ben Lovelace.

He has had years of experience in the duties pertaining to this office, having held the position of Deputy Sheriff for several terms in years past, thereby thoroughly acquainting himself with all the various duties of the office. The people, both Republicans and Democrats, owe it to themselves to select only good and true men to act as their county officials; and we want to say to our Republican friends that they will make no mistake in selecting Ben Lovelace for the office of Sheriff of Lee county.

Senator Alex Hargis of Jackson was in our city on business last Wednesday.

Judge R. B. Jackson Announces For Jailer

Judge Robert B. Jackson of this city makes his formal announcement as a candidate for the office of Jailer of Lee county, subject to the will of the Republican voters in the 1925 Primary election.

Judge Jackson is well and favorably known throughout this county.

He has served the people of the old Lee-Breathitt-Magoffin Legislative district, being a member of that body at the 1916-17 session, and we wish to say that he served with honor to his constituents and credit to himself.

He was twice elected Mayor of this city; and served a term as City Judge, and in that capacity he dealt out justice to whomsoever happened to be up before him.

He has been a life-long Republican—always giving aid to his party and its nominees.

He would make a splendid Jailer because it is his nature to treat everybody kindly, and we hope his many friends will rally to his support, and give him the aid to which he is justly entitled.

White Shrine Initiates.

The Irvine White Shrine of Jerusalem, No. U. P. was instituted Jan. 29th, 1924 by Mary I. Deicks, Supreme Deputy, of Louisville. She was accompanied by Mrs. Redmond and daughter, Elizabeth, also of Louisville.

The visitors were met by a "Welcome Committee" and entertained in the home of Mrs. Sarah Broughton and assisted by Mrs. Ben Ruoff, Mrs. O. Mitchell and Mrs. Warford.

Those from Beattyville White Shrine who assisted Mrs. Deicks were: Mrs. J. F. Sutton, W. H. P. Mrs. G. Dorman, Past W. H. P. Mrs. Provie Burke, N. P. Mrs. Elizabeth Preston, Queen Mrs. Carrie Tyree, W. S. Mrs. McGuire, W. C.

Judge Wheeler, King Mrs. J. K. Roberts, W. H. P.

The social hour was observed and delightful salad course was served. Everyone reported a fine time.—Estill Tribune

Uncle John Breeding of Winchester was a visitor in our city this week.

Mrs. West of Hazard was visiting her sisters, Mrs. John Alcorn and Mrs. C. E. Dyer, this week.

The young, the near young and the gay had quite an enjoyable dance at the large store-room adjoining the residence of Capt. E. M. Sexton last Tuesday night.

Mrs. R. S. Crowe and her daughter, Miss Josephine, left yesterday for Danville, Va., to be with her father, Capt. H. C. Allen, who is very sick.

COURT DAY DINNER

The Ladies Aid of the Presbyterian church of this city will serve dinner in the Gourley Building on the corner opposite Peoples Exchange Bank next Monday. You are invited to give them a call.

O. F. Riddle, of Winchester, District Traffic Manager of the Cumberland Telephone and Telegraph Company, was in the city last Friday and Saturday, looking after the starting of the telephone service in our city.

The Telephone Company has secured the services of Miss Effie Isaacs as day operator, and Miss Nessie Cann as night operator. They are fine young ladies, and the public can expect splendid 'phone service. When you call, do it by number.

Mrs. A. B. Cox who has been with her sick mother, Mrs. Z. T. Hurst, of Wilhurst for the past two weeks came home last Monday. She reports that Mrs. Hurst is much better.

We call the attention of our readers to the Home and Farm Improvement in the county Achievement Contest published in this issue of the paper. It should interest every farmer in the county, and we ask them to read it carefully.

Jones --- Strong.

The wedding of W. L. Jones and Miss Lillie Strong took place in the city of Lexington last Saturday. Mr. Jones is a son of the late W. P. Jones, formerly sheriff of this county, and the bride, Miss Strong, is the charming daughter of William Strong, a prominent citizen of Athol. The many friends of the contracting parties join the Enterprise in congratulations and in wishing them a happy, prosperous and joyous voyage throughout the matrimonial sea.

Judge Sam Hurst left Sunday morning for Williamsburg to hold a special term of the Whitley Circuit Court. We have noticed lately that he is about the only Judge who will hold court out of his own district; and we further notice that wherever he goes is given the very highest praise for speeding up the business of the court, and for his fairness in his decisions.

Judge Wm. Robinson of Kings Mountain sends in his subscription, and also sends his regards to his many friends here, and says he hopes to see them soon. Come right on, Judge, we will assure you a hearty welcome.

Andy Charles Killed.

Andy Charles (sometimes called Walkins) was instantly killed while working in a coal mine on Lower Creek last Wednesday evening. A large amount of slate and dirt fell on him, resulting as above stated. He lived with Martin Charles of Proctor and was a single man.

The Ladies Aid of the Beattyville Christian Church met with Mrs. C. B. Burke, Tuesday afternoon. The meeting was a great success. The work was planned for the new year and all entered in with that good spirit which means success. After the business all enjoyed the social hour, especially Mrs. Bell Fisher's response to the music.

Mrs. J. G. McGuire.

Mrs. Susan Bradley Dead.

Entered into rest.—Feb. 3, 1924, Susan Bradley, aged 91 years, 7 months and 3 days. Her maiden name was Slemp, of that noted Virginia family. Her husband has been dead for many years. They lived in the Wolfe annex of Lee county in the Flat neighborhood. She had several children, Dillard, Sherman, Gus, Emily Cable and Evaline Sword, of Michigan, who are living, and Elbert, once our Jailer, who died in Montana; Henry, who died in Arkansas; and Martha Horton, who died in Winchester. She was a member of the Methodist church most all her life. She was a noted good woman of her country in the days of her mature life, and as she had lived so, she died, in the quiet peace of a well-spent life.

Beattyville School Notes.

Miss Scruggs was called home last Friday on account of the serious illness of her sister.

Miss Lillie Strong and Mr. W. L. Jones were quietly married last Saturday at Lexington, by Rev. W. A. Fortune. Miss M. A. Herndon, and Messrs. Thos. Charles Pryse and Lee Kash were present at the ceremony.

Prof. and Mrs. Erickson are the proud and happy parents of a big nine pound girl, Roberta Helen, who arrived on Feb. 2.

The P. T. A. had a splendid meeting on last Friday night. Among other things done was the launching of a membership campaign. The association went on record in favor of the passage of a bill by the State Legislature requiring the reading of the Holy Bible in our Public Schools.

Mrs. Hubert Blakey is temporarily in charge of grades,

three, and four, while Mrs. Roberts is taking Miss Scruggs' place in the sixth grade room for a few days. In spite of the enforced absence of some of our teachers, all work moves along steadily.

Proffitt Hollow.

(BY RAMBLING REX)

Guess old Mr. Ground Hog saw his shadow yesterday.

Sunday school at Louis chapel 10:15, every Sunday, everybody invited.

Mrs. Louis has been on the pony hit this week.

Mrs. Geneva Brewer who has been on the sick list is improving.

Born to the wife of G. B. Stamper, a fine boy.

Mrs. Jane Johnson and little daughter were the guests of Mrs. Burt Rodgers one day this week.

Willie Proffitt was the guest of Chester Rodgers, Saturday night and Sunday.

Mrs. Lola Proffitt and children were visiting Mrs. Louis Sunday. All report a fine time, especially the children.

Carl Proffitt still knows where the pretty girls stay, but still has more trouble with his pig than with the girls.

I guess some of the rest of us will have to run the hens up the hill side, if we get any eggs.

Administrator's Notice.

All persons indebted to the estate of Delina McGuire, deceased, are hereby notified to appear before H. L. Wheeler at his office in Beattyville, Ky., and settle same.

Carl Proffitt is expecting chickens and dumplings for dinner tomorrow—divide up Carl.

Fixer News.

(BY DOCK WHITE)

We are all getting along fine around Fixer.

We are having fine weather here now.

Now, boys of Fixer, you will have to leave off whiskey.

The constable is not so busy now days.

Raymond Darrell caught a grey fox last Thursday night.

Dowey Booth and Harmon McQuinn seem to have business at Squire Smith's. Now what?

The Great Southern is thinning down its number of workmen.

Roscoe Combs is trapping a little this season.

Uhmel Cole the 'star courier' of Little Sinking was seen at Fixer post office last week mailing letters. "Why, who to?"

John Barrett of Old Landing has been very sick here lately.

We are sure glad to get the Enterprise at Fixer because you can hear all the home news, and some jokes.

Bill Shuler is counted the best trapper in this country.

The Jr. O. U. A. M., had a few more applicants for membership in the order Saturday night.

DRY CLEANING

Brushing the surface of garments with gasoline will not clean them. By so doing, the dust, grit and grime are merely driven into the lining and inner part of the garment and will re-appear in a few days.

With our "Baby Grand" Dry-Cleaning plant we wash the garments with gasoline and plenty of good benzine soap—suds soap using the gasoline what "P-G" is to water—then rinse them in good clean gasoline. By this method we clean linings and flood out all dust and accumulated dirt.

Having extracted all surplus gasoline from garments, we dry them by our Hot-Air method, leaving them free from any odor of gasoline. And last they are pressed by hot dry steam, which penetrates every part of the garment, raises the nap and puts new life into the fabric.

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

 Member Contest Committee.....
- Only achievements made during the contest will receive the points indicated after each subject. Each home that enters the contest must register and be graded.
- Improvements in the individual homes can be best secured through community clubs. A home improvement committee should be appointed in every community to work in conjunction with the County Agent and the local teacher. Some of the above suggestions are not possible for all homes, but they are all possible for a large number of them. Vast improvements may be brought about in practically every home if the housekeeper will give some thought and careful planning to the points of improvement suggested above. Do not hesitate to frankly co-operate with the County Agent, Superintendent and local teacher in matters where council is needed. Berea College, through her Extension Department and the Courier-Journal, Louisville, Kentucky, will be pleased to give advice, when it is sought.

Airdale News.

[BY SUNSHINE.]

John Plummer who is working for the L. & N. Railroad has been home this week on account of his son, Louis, having the measles. But he is getting along alright now.

Mrs. Ed Truitt of Airdale was visiting her grandfather Friday at Fincastle.

Howard and J. A. Todd of this place are working near Typole.

L. N. Treadway who is working for the L. & N. Railroad at Hazard was home Saturday and Sunday.

Herbert Vanderpool calls on Thomas Treadway real often. Wonder what that means? The foot-log was unfortunately washed out during the tide, and Herbert got a crew of men and placed it in good shape again.

J. D. Olinger has in a new supply of Spring hats. He thought he would out-sell Mrs. Tiny Cote.

Henry Edwicks, Sr., died at his home near Oil Friday and was buried Sunday. We extend our sympathy to the bereaved family.

Arch Treadway has two cases of measles in his family, and has five more to take them—nothing ever passes but why get their part.

Joe Smith of Fincastle was visiting Wm. Treadway of this place last Saturday.

Misses Imogene and Euvesta Plummer have measles, but are getting along fine.

Miss Lora Shoemaker of this place who has been teaching at Bear Track finished her school last Wednesday. She will attend the Normal at Richmond.

Mrs. Clay Treadway's little daughter is very ill at this writing.

Mrs. Joe Williams went out last Tuesday to water her cows and a piece of ice fell from the cliff and struck her on the head, but it did not hurt her very badly.

Joe Smith and Ed Shackelford were visiting Wm. Treadway last Monday.

Mrs. Priscilla Smith of Fincastle has been very ill, but is some better now.

Luther Kincaid of Fincastle was in Airdale Monday, loading ties.

Miss Lora Shoemaker left Monday for Richmond to attend Normal School. We wonder why Julia Vanderpool looks so sad the last few weeks? Guess it is because her Leslie has gone back to Detroit. Cheer up Julia, we all have these kind of troubles.

Wm. Treadway has been very sick with a cold for about two weeks, and his little grandson, Willie Treadway, came to help get him some wood.

Wm. Dickerson was in town last Thursday.

Mrs. E. O. Edwards and little daughter, Yvonne, are visiting relatives near Oil this week.

Mrs. Daisy Payne and little daughter, Gertrude Emma, are visiting their friends, Mrs. J. A. Todd and Mrs. Howard Todd, this week.

Quicker Than Corn

Tuxedo Hog Ration, fed in a self feeder with corn, will put weight on your hogs quicker, and more economically, than will corn alone.

Corn is fattening. But a hog has got to produce bone and muscle along with the fat, or he won't grow as fast as he should.

Tuxedo Hog Ration contains those food elements which corn lacks, and which the hog needs.

Primrose News.

(BY ORANGE BLOSSOM)

Uncle Joe Morris an aged citizen of Lee county died last Thursday at his old home place near Devil's Creek, he was a merchant at Fincastle for several years. He leaves a host of friends and relatives to mourn his loss.

Miss Molly Lutes has completed her school at Evelyn and is now at home for a short time.

J. H. Hieronymus preaches at Union near this place every fourth Sunday in each month. Every body cordially invited.

Oscar Lutes spent the evening with Misses Ruth, Mary and Edna Lutes. They seemed to enjoy themselves fine as we know Oscar is a jolly good boy.

Noah Lucas and Arch Lutes, the two great political friends are seen together every Sunday.

Stock must be going up. Our Veterinary, who lives on the Hericano Branch has traded for two fine mules.

Curtis Lutes is the employee of F. M. Marshall this week.

S. N. Roberts' little daughter Junnie, is very ill at this writing.

B. N. Lutes was in Beattyville last week visiting his sister and friends but now has gone to Oakdale to see his brother S. P. Lutes.

Enos Lutes from Primrose is employed at Hazard at the carpenter trade.

Mrs. Thomas Cundiff is very ill with fever this week.

Decoursey Lucas' little son is on the sick list this week.

Mrs. John Lucas is reported very ill. A telegram was sent to her husband, who works at Hazard, to come home.

John Grimes and Mr. Davison from Hazard are visiting Mr. and Mrs. John Adams at this place.

Ruth and Edna called on Oscar last Sunday evening. As we all know, this is leap year, they seem to take it Sunday about.

We saw in Belle Point chatter where some body was buying cat hides. I believe they would insult Ruth and Mary Lutes to ask them to kill their cat, 'Mary Ann,' for her hide.

Shade Lutes and family spent Sunday with Edwin Lutes.

There seems to be quite a lot of cases of typhoid fever in this section of country.

Cord Bailey was very sick with fever last week, but is reported a little better this week.

Henry Johnson from Flatwoods was at this place, visiting his uncle, Arch Lutes, Sunday.

Carl Shell has been seriously ill with fever but is better, we are glad to say. He was formerly from Flat Woods, but is now in Detroit, Michigan.

Rip Van Winkle just dozes at times. He generally wakes up when a Virginia teacher is seen in his office.

Miss Mary F. Lutes was visitor at Fincastle last Saturday.

Seems as though we are having several weddings in this part. We think it is all due to leap year. We only wish it would come every two years instead of every four years.

Miss Mabel Hobbs and Fred Gabbard were quietly married last Saturday night at her home.

Hopewell Chatter.

(BY KNICKERBOCKER)

The Hopewell Community has put on mourning this week because a number of its younger set are going to leave.

Among these are Finley Couch Mr. and Mrs. Ova Day and Miss Cecil Day (our teacher.)

School was out February 5th, and we have unusual things to be thankful for, we have new shutters, new coal house and window panes. Thanks to our teacher and Mr. Thomas.

Thomas, "King" of Oil City had to step down and out for "Kaiser Cornett" has taken his place. We are looking for some exciting times this spring and summer. The 'Kaiser' courtiers are the following: Arlie Perdue, Virgil Greer, Herman Rose, Charles Brandenburg, Mel Holway and Arco Taylor.

We call attention to the article in the Pleasant Flat news concerning a lack of ministers in the community. We can offer a very good suggestion on that scale. That is 'make "em" don't borrow 'em. That is, if the material is available and the making will not interfere with the ball-games.

Somebody ask Earl Horton how it feels to have 'bed-time' called when he is 'calling.' Earl was like the 'bad-dollar.' He came back the next day. There must be some attraction for him at Wm's.

Somebody from Pleasant Flat wanted to know the meaning of the word 'Jerwholoper.' They might 'finger' their friends and find out. It is the latest edition to Webster's, contributed by the 'citizens of Hopewell' during the cold-spell in year '24. Get the dictionary habit is our slogan.

Jess and Mrs. Greer went to Sign-board Sunday to attend church. They reported a fine meeting.

Emma Edwards was the guest of Edna Edwards through Saturday and Sunday.

Miss Cecil was the guest of Mrs. Jack Horton, Saturday and Sunday. She went to see Miss Caudill off.

Ground-hog-day is over and gone. Mel came out alright. He might have seen his own shadow but he didn't see Fin's for Fin was over at Joe Lawson's. Mel has gone back for forty days.

We are happy to state that from what we can hear Mrs. Kelton Ashcraft is improving steadily. Mrs. Ashcraft has been ill in the Richmond hospital for some time and her many friends are awaiting anxiously her recovery.

Poor 'ole George is still 'up the sycamore.' Can't somebody come to his aid?

Have you seen the latest posters which have been posted by M. Estes & Son. The first ones ran as follows: "M. Estes & Son." Mr. Estes Sr., decided to have them changed and detailed his son Shelby to do the work. The posters we have to look at now read like this: "Shelby Estes & Father."

(To the correspondent: Write only on one side of the paper and number the pages.—Ed.)

The automobile in Kentucky enjoyed its most prosperous year in 1923. Total motor vehicles registrations since January 1st have reached 197,963 a gain of 42,047 over 1922. Using the last census in the estimate, there is one machine for every twelve person in the state.

AGRICULTURAL COLUMN.

T. H. Jones, County Agent

A Few Timely Suggestions.

One hundred and seventy-two boys and girls enrolled in the Junior Agricultural Club during January.

The dormant spray should be applied to the apple trees before the buds swell. Now is a good time to see about it if you want better fruit.

This is the month in which to prune grape vines and peach trees. The County Agent will be glad to arrange a few more demonstrations, but you will have to act quickly.

The farmers in Lee county who tried out 16 per cent Acid Phosphate fertilizer all report good results, and some reported more than double the yield on fertilized crops over those which were not fertilized. There will be a tremendous demand for this material this spring and it would be well if you are planning to use fertilizer this year to see about it at once. The best way to get a low price is for farmers in Lee county to pool their orders so it can be shipped in by the car. For further information see the County Agent at once. If you wait you will be out of luck.

Certified seed potatoes out-yield the common seed and cost no more. If you would like to try some certified seed this year and increase the yield of your potato patch see the County Agent at once, as only a limited supply can be had.

Would you like to try a seed potato or soy bean variety test? If so ask about it at once.

Lee County has entered the BIG POULTRY CONTEST. The contest started February 1st. All poultry work that is done between Feb. 1st and Dec. 31st can be counted for some of the big prizes. The first prize is \$5000.00 to the county that can win. Enroll now, boys and girls, men and women who enroll are eligible to compete for the prizes. For further information write or call on T. H. Jones, County Agent.

It is now time to order strawberry plants. The County Agent will be glad to assist you in the selection of varieties adapted to Lee county. Watch for an article on 'How to Grow Strawberries in Lee County,' which will appear in the Enterprise soon.

The County Agent's office is over Mr. R. B. Jackson's store. You will find him there every Monday and Saturday morning, and ready to serve in whatever way he can, for better crops, better stock and a better Lee county. When not in the office, he is somewhere in the county for the same purpose.

Heidelberg News.

Rev. Dawson was with us Wednesday. He is becoming an outstanding character in Beattyville and Heidelberg, and among those who know him. Wednesday evening he preached a memorial service at the Beechwood Seminary for Woodrow Wilson, who passed away Sunday morning. Rev. Dawson eulogized Wilson to the skies and praised him as the greatest man of the century. Rev. Dawson read from the newspaper clippings, the praises of some famous men of Washington circles. He compared Wilson with Moses as the emancipator, and even said he was greater than Lincoln and Washington. He said it required more courage to do what Wilson did, than to step into the perils

GOOD ROADS MEETING

Over 500 of the citizens of Lee County met in mass meeting in the Circuit court room at one o'clock Monday, this being the first day of the February term of the Lee Circuit Court, to consider the question of the proposed \$75,000,000.00 bond issue. Col. R. W. Craton presided over the meeting. Speeches were made in favor of the bond issue by Col. Craton, Mayor A. B. Hoskins, Gen. T. B. Blakey, Judge G. W. Gourley, Judge Sam Hurst, Judge J. F. Sutton, Capt. L. B. Smith and Major J. E. Jones.

The following resolutions were unanimously adopted:

First: Resolved, that we heartily favor of the \$75,000,000.00 bond issue in its entirety;

Second: That we approve the course of our Representative, Hon. Wm. J. Brandenburg, in supporting this measure in the General Assembly, and declare that he has truly voted the sentiments of his constituents upon this question, and we approve the course of our neighbor, Hon. Wm. B. Bush, in supporting the same measure;

Third: That this is not a political question, and regardless of political affiliations we approve the course of our Governor, Hon. Wm. J. Fields, on the bond issue, and we pledge him our full and hearty support in his efforts to move Kentucky forward;

Fourth: That we request our Senator, Hon. J. D. Whittaker, to support this measure when it comes to a vote in the senate;

Fifth: Further, we pledge ourselves and our every effort to the success of the bond issue when submitted to the people.

Circuit Court.

The February term of the Lee Circuit Court began last Monday with Judge Sam Hurst on the bench. His instructions to the Grand Jury were as usual very strong and forceful. A great many misdemeanor cases were disposed of during the first two days of the term.

We give below a list of Grand and Petit Juries:

Grand Jury:—W. T. McGuire, Foreman. Green Ross, Park Cole, Billie Howard, Mart Olinger, Albert Tinscher, Mart Toler, Cam Lucas, John Arnold, Harvey Williams, Breck Abner, Chas Hogan.

Petit Jury:—Anderson Brandenburg, Lucien Durbin, Floyd Stamper, Elijah Gipson, Sam Bradley, Lynn McGuire, Sr., Sam Dunaway, Patrick Napier, W. L. Cart, John Olinger, George Porter, S. P. Kash, Boot Sternberg, Joe Cole, John Cooper, Felix Dunaway, M. F. Thomas, Ben Thomas, Byron McGuire, Everett Snowden, Wes Stacy, C. M. Spencer, Enoch Smith.

We noticed in a communication from Jerusalem, dated February 8th, where the Standard Oil Company has struck an oil well in Hebron, the "Old Home Town" of Abraham, David and some of the other patriarchs. Something ought to be done about it before the Standard Oil Company gets a "Cinch" on the New Jerusalem.

Judge S. P. Stamper was in Bowling Green last week, taking depositions.

Beattyville School Notes.

Miss Abbye Lutes has been engaged to teach the fifth grade room for the remaining months of the school year.

The Illinois Watch Company of Springfield, Ill., some time ago offered a bronze medal to that member of the senior class who should submit the best essay on Abraham Lincoln. The award this year goes to Mr. Green T. Perkins. Announcement of this award was made to the High School on Lincoln's birthday. The medal is on display at the jewelry store of S. W. Gray.

The sympathy of the teachers and students, is with Miss Scruggs in the bereavement which has come to her, by reason of the death of her sister Miss Scruggs has returned here and plans to complete her year's work as teacher of the sixth grade in our city schools.

Proctor.

Miss Lizzie Sternberg has gone to North Carolina for her health.

Mrs. H. D. Varlie of Lexington, was visiting relatives in Proctor this week.

Misses Dorothy and Lutie Cornelius were guests of Miss Bessie Tinscher Wednesday evening.

Mr. J. M. Cole who has been spending the winter in Winchester, will return soon to begin his farming.

The Proctor mines have had a good run this week.

G. W. Maddox has been spending the week at Evelyn.

Mr. and Mrs. R. L. Daugherty entertained a number of friends at dinner Sunday.

Mrs. Price Wade, who has been confined to her bed for a month, is able to be up again.

Henry, Kindrick, of West Virginia, is visiting his home-folks in Proctor.

Airdale News.

(BY SUNSHINE.)

Mr. M. H. Courtney was visiting Wm. Treadway last Saturday and Sunday and they enjoyed themselves as usual.

Mr. F. H. Meicie is visiting W. H. Dickerson this week.

Mrs. L. N. Treadway has been very ill with the measles but is improving fast. Her mother, Mrs. Mary Arnold, of Flat, has been with her during her illness, but she will return home soon.

Mrs. Alice Vanderpool has been sick for the last week.

Mr. Stephen Fraley has had several cases of measles in his family.

Martin Olinger and Frank Thomas spent Sunday with Wm. Treadway.

John Plummer who is working for L. & N. railroad at Valley View was home Saturday and Sunday.

Howard Todd came home last Thursday from Typole with a cold.

Miss Macy Treadway has gone to crocheting. I wonder what that means.

Mrs. Demia Kincaid of Fincastle was visiting her father Wm. Treadway last Saturday and Sunday.

Mrs. B. N. Kincaid of St. Helens is very ill.

Rev. Taylor preached a sermon at the lower church at Fincastle, Ky., Sunday.

Wm. Treadway made a trip to Fincastle Monday to see his sister Mrs. Priscilla Smyth who has been sick for some time.

J. D. Olinger was in town Monday to attend court.

Ted Dickerson has been going in the Hopewell direction every Sunday. We wonder what is taking him over there.

Rock of Ages News.

BY "SNOW FLAKES."

Mrs. Ella Snowden visited Mrs. W. C. Burgess one day last week.

Mrs. Clyde Burgess and little son, Charles Leo, seem to be very lonely since Clyde went to Ashland. Charles Leo asks his mother a hundred times a day, "Where did Daddy go?"

Mr. and Mrs. Wm. Couch and Mrs. Sina Burgess were the pleasant guests of Mrs. Clyde Burgess Sunday afternoon.

Mr. and Mrs. Bill Johnson and Mr. and Mrs. Arthur Couch, who have been living at Hazard, have returned to their old home near here.

Misses Katherine and Geneva McIntosh and Virginia Burgess spent a pleasant day with Misses Eula and Iva Lee Burgess Sunday.

Miss Effie McIntosh who has been staying in Beattyville for some time has returned to her home near here.

Edgar Hogan, who works in Owsley county, spent Sunday at home.

Mrs. Edgar Hogan and Helen McIntosh were shopping at Maloney one day this week.

Many friends of this place are very sorry to learn of the death of Mrs. James Dunagin. She was once a neighbor here, and everyone of this community extends heart felt sympathy to the bereaved family.

Proffitt Hollow.

(BY RAMBLING REX.)

We sure have had another week of winter weather.

Mrs. Martin has been on the sick list for the past week.

Born to the wife of Sam Sparks on the 8th., a fine girl.

Mr. and Mrs. Louis were the guests of Mrs. Lola Proffitt Sunday.

Mr. Edgar Smyth and Bill Louis were the guests of Carl Proffitt Sunday.

Porter Reynolds has bought the store at this place from Mr. Burt Rogers. We wish Mr. Reynolds success as he seems to be a nice man.

Mr. W. H. Proffitt, Luther Proffitt and L. C. Trent of Winchester were at Lola Proffitt's on business this week.

Can't some one of the Enterprise help Carl and Bill out of their trouble. They say that they don't expect any dinner on Sundays till three o'clock. Looks like some of the girls would help them out.

Me think, I saw Dock White pass through this part of the world yesterday. Guess he was looking up something, don't you?

Speed of Gulf Stream.

Three miles an hour is about the average speed of the gulf stream. At certain places, however, it attains a speed of 51 miles an hour, the rapidity of the current giving the surface, when the sun is shining, the appearance of a sheet of fire.

Probably.

Give men credit for self-restraint. They nearly all try to be agreeable under trying circumstances.

WHAT CAN CHIROPRACTIC DO FOR ME?

The answer is simple: If the CAUSE of your trouble is Nerve Pressure, and the chances are that it is, Chiropractic Vertebral Adjustments, given by a competent chiropractor with the bare hands alone will relieve this pressure. The effect of this pressure is to impede the normal flow of the Vital force to all parts of the body. This then gives rise to another effect, called disease. When the CAUSE is removed the EFFECT disappears; without cause there can be no effect.

If Chiropractic had not afforded relief to hundreds of sick and suffering men and women during the last twenty-five years the Search would long ago have revealed the fact, and Chiropractic would have died by the wayside. Investigate at once. Every day you delay means that much longer for you to regain your health. Spinal Analysis Free.

Next Spring—

With over 200,000 orders for Ford Cars and Trucks already placed for delivery during the next few months, we are facing a record-breaking spring demand.

Each successive month this winter has witnessed a growth in sales far surpassing that of any previous winter season. This increase will be even greater during the spring months, always the heaviest buying period.

These facts suggest that you place your order early to avoid disappointment in delivery at the time desired.

The Champion Corn Grower. J. H. Jones was notified by the State Headquarters of the Junior Club work that Roscoe Kash, of this county, had again carried off the honors as the champion corn grower of the state. The young man, who is now a student at the State University is the son of S. P. Kash, of Lumber Point. This is the third time that he has won the first prize in the corn growing contest.

In winning the prize the third time the cup that is awarded as the trophy becomes his property.

Killed in Mines. Hensley Eversole, formerly of this city, was killed by falling slate in a mine in Perry county last Friday. He moved to that county some years ago, and has since been engaged in mining. His body was brought here for burial. His remains were interred in Proctor cemetery last Sunday, with Masonic Honors. He leaves a wife and two small children and his mother, Mrs. Lucinda Witt, Mrs. F. M. Ashley, of this city, and two brothers, whose names and addresses we do not know. We extend sympathy to the bereaved ones.

James Thomas, Jr., Announces

In this issue of The Enterprise will be found the announcement of James Thomas, Jr., as a candidate for the office of Sheriff of this county. Mr. Thomas is a Republican and submits his claim that party in the 1925 Primary election. He is a good citizen and would, no doubt, make an efficient officer. He lives in the upper end of this county, and is widely known throughout the county, and he calls upon his friends in all sections to give him their support. In this race, for which he will be grateful. He solicits the support of all good Republicans, and promises them, if elected, efficient service.

They Don't Want 'Nuthin'.

H. G. Crabtree was in Frankfort Tuesday as a representative of Powell county people who oppose the bond issue proposed. At least 90 per cent of the people of Powell county who have expressed their feelings to us, are opposed to any bonds being sold, or any provision for a vote on the question—Clay City Times.

The Psychology of a Lie.

Pip's Analysis in "Great Expectations": "It was much upon my mind that I ought to tell Joe the whole truth. Yet I did not, and for the reason that I mistrusted that if I did, he would think me worse than I was. The fear of losing Joe's confidence, and of therefore sitting in the chimney corner at night staring drearily at my forever lost companion and friend, tied up my tongue. . . . In a word, I was too cowardly to do what I knew to be right, as I had been too cowardly to avoid doing what I knew to be wrong."

Bats Are Cleanly.

Bats are very particular about their personal cleanliness. They wash their faces with the front part of the wing, and curiously their fur with the sharp claws of their hind feet. The young are born in June and number one or two. For two weeks after birth the young hang to the mother and are carried by her on her nightly flights.

How Population Has Grown in L&N Served Territory

Population is always the gauge of prosperity. No matter what a state or community's natural resources are, its real wealth is no more than the extent to which its resources are developed. People are needed to till the soil, operate the mines, husband the stock, run the factories, and carry on the other work necessary to upbuilding all land.

In 1850, when the L. & N. came into being, seven of the Southern states which it serves today (Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi and Tennessee) had an average population of 15 people per square mile. To-day, seventy years later, this population is increased to 438—or nearly three times as many people as in 1850.

Adequate and reliable transportation, largely supplied by the L. & N., has made possible the growth of this territory. People have been brought from elsewhere to join in its development. Conveniently accessible markets have been provided for its products.

Important as this has been, the L. & N. has done still more. Through its Immigration and Industrial Department it has invested time and money in exploiting the South to other parts of the country. It has induced many farmers and manufacturers to come in and settle here; thus—in addition to its basic service as a carrier—making a definite contribution to the South's growth.

This work the L. & N. will continue to perform, constantly striving to make its service a greater and more helpful factor in the upbuilding of its territory.

Interference between the states, and with the rest of the world, has been made easy of accomplishment.

THE COUNTY ACHIEVEMENT CONTEST

OUTLINE OF THE CAMPAIGN IN WHICH LEE COUNTY IS NOW ENGAGED

CHURCHES AND SUNDAY SCHOOLS

I. FREQUENCY OF PREACHING (200)

- In determining the frequency of preaching, the churches of a county will be listed in three classes. Each church must report its class at the beginning of the contest.
1. The first class is composed of churches having regularly established weekly preaching services. 200 points will be allowed the church that has preaching services once a week. 200
 2. The second class is composed of churches having regular preaching services semi-monthly. 150 points will be allowed the church holding preaching services once every two weeks. 150
 3. The third class is composed of churches having regular preaching services once each month. 100 points will be allowed the church holding preaching services once a month. 100

II. ATTENDANCE AT PREACHING (100)

1. Submit names of members and other regular attendants at preaching services at beginning of contest and keep record of all additional attendants between August 1, 1922, and December 31, 1923. Five points will be given for each one per cent increase in attendance.

III. AVERAGE SALARY OF FETACHER AND OTHER CONTRIBUTIONS (200)

1. For a church whose members and adherents who regularly attend preaching services, equal 100 or less, \$10 per preaching Sabbath will be considered a normal rate of addition to any contributions for church purposes, such as Sunday schools, religious societies and missions. For each \$1 per member contribution average, 40 points.

This score applies to all churches whose pastors receive less than \$750 a year from local contributions. If a minister's salary is paid by a mission board and contributions are made to the mission board by the local church, only the contributions by the local church shall be counted.

IV. IMPROVEMENT OF BUILDINGS AND GROUNDS (100)

1. One point for each \$10 spent for improvement or replacement, average.

V. RELIGIOUS ORGANIZATIONS (50)

An average of one organization per church, not counting Sunday schools, shall be considered a perfect score. Score proportionally, 2 points for each 1 per cent of religious organizations formed in churches.

VI. SUNDAY SCHOOLS ORGANIZED (100)

1. 10 points for each new one established. 50
2. 5 points for each old one re-established. 50

VII. MONTHS SUNDAY SCHOOL HELD (50)

1. Average of 12 months gives perfect score. Score proportionately.

VIII. ATTENDANCE AT SUNDAY SCHOOL (100)

1. Submit Sunday school roll of August 1, and score on increase based on this roll. For each 1 per cent increase, 5 points.

IX. MAINTENANCE OF ACTIVE COUNTY SUNDAY SCHOOL ASSOCIATION (50)

X. MAINTENANCE OF CO-OPERATIVE MINISTERIAL SOCIETY (50)

COMMUNITY CLUBS

I. ADULT COMMUNITY CLUBS (250)

1. No. of school districts belonging to Community Clubs (1 point for each one per cent of schools). 50
2. Well built and acceptable community program of work, for community or district, approved by State Agricultural Agent. (One-half point each per cent of school districts at work on a community program.) Program must be sent to State Agricultural Agent, Experiment Station, Lexington, Ky. 25
3. Per cent of programs executed to satisfaction of judges (One and one-half point for each one per cent). 25
4. Per cent club meetings held, 12 meetings a year to be the limit for credit (minimum attendance must be 10 adults). 50

Hopewell Chatter

Broad Cornett had begun to look very pleasant after Harlan Brandenburg had left Oil but he is looking puny since the widow left too.

Jesse and Mrs. Drake, Fred and Mrs. Taylor, Albert and Mrs. Brandenburg and Simmie Edwards were the guest of J. B. and Mrs. McMillion Sunday evening and report a fine time.

S. P. Edwards died at his home Friday the 24th and was buried at the old Akers grave yard on Sunday.

Ova Day and Miss Thelma Edwards were married Wednesday of last week at the home of the bride.

Wm. Holloway is sure death on skunks for he ships a box of fur every week—the mail boy is longing for spring to come.

Jesse and Mrs. Drake and Oil take possession of the Old Edwards farm.

Mrs. Lorena Edwards and the puny list last week from a severe cold, but is better.

Mrs. Mary Taylor says women are not having a real good time unless about four are talking at the same time, and she sure is good at the practice but she is going to follow the old Irishman's rules and get her a violin to give her chin a rest.

R. F. Barnes made a business trip to Winchester Saturday, he said, but we believe he has him a girl spotted down there.

Walter Taylor wore a new pair of gloves to work this morning. He hated to eat with such black gloves on and he said his bread was so rough that he could not handle it with-out gloves.

Quick Development

OWSLEY IS OIL FIELD

Big Indian Sand Struck at depth of 735 feet

Territory is now proven

Monroe McGuire of this city and his associates have at last been rewarded for their belief in the Owsley county oil field. Last Wednesday they brought in their Peters No. 1 well which is located on Island Creek, near Island City, in Owsley county.

This well was put on the pump Thursday morning early and has been making over a barrel per hour ever since without the least signs of diminishing. As we go to press the reports from those who have just returned from the well confirm the first report that the well is good for at least thirty-five barrels.

The strike was made at a depth of 735 feet which is about the same depth of the Davis Oil Company's White Oak well and proves that the Davis Oil Company's well and the Henry wells on Upper Buffalo are in the midst of a great oil field. The oil men are very optimistic over this well and say that the famous "Big Indian" sand has been located without doubt. This is the sand which has made West Virginia and Pennsylvania so famous in the oil industry.

There is already quite a bit of activity in the trading of leases in that vicinity and a rush for that field is now looked for since the territory is proven.

FLANERY-BAKER

On last Wednesday at 11 o'clock in the Baptist church in Ravenna Mrs. R. B. Flanery of this city and David Baker of Ravenna, were united in the holy bonds of wedlock. Mr. J. T. Wallace was best man and Mrs. Marv Crawford, of this city was the maid of honor. Mrs. Flanery is one of Beattyville's finest ladies, and Mr. Baker is a conductor for the Louisville and Nashville Railroad Company. As soon as the ceremony was performed the couple left for Cincinnati and other cities on their honeymoon, after which they will make their home in Lexington. The Enterprise extends its congratulations.

Mrs. A. B. Cox who has been confined to her bed for several days suffering from a tooth and threatened with nervous break down is much better and able to be about her home.

Mr. W. O. Bradley, our congenial County Court Clerk, is in Louisville this week having the ballots prepared for the coming election.

Mrs. Willis Brewer is reported very sick as we go to press. Her husband, Mr. Willis Brewer, is the representative of the Cumberland Pipe Line Company.

Mrs. Abbie Banahan of St. Helens was visiting Mr. and Mrs. T. K. Hall and family, and Mrs. Lucy Twyman and other friends in the city last Tuesday.

AN OPPORTUNITY

On page four of this issue of The Enterprise will be found the advertisement of G. A. Chandler offering for sale his Cleaning and Pressing business together with house and lot. This property and business is for sale because the owner is going to move away. This is one of the best business propositions we know of in this city for some one or two hustling, wide awake young men with limited means. This business is not a dead one but a real going one and one which has for some time and is now paying its owner a handsome income. Here is one of those rare chances of own real estate on Main Street in Beattyville and at a price within the reach of any honest, hard working young man.

WHY NOT A CANNING FACTORY IN BEATTYVILLE?

In the town of Crowley, Colo., with a population of less than one hundred \$75,000.00 was spent for products and wages this season.

The Tomato crop yielded an average of \$212.00 per acre. One man received over \$2400.00 on a 12 acre crop.

The Lee County and especially around Beattyville is more adaptable to vegetables and fruits than Crowley, Col.

Farmers what are you waiting for? Out side capital to come in and build you a canning factory? If so then you will wait a long time.

Why not a dozen farmers living in and around Beattyville from a Stock Company and build one?

Think what it would mean to the truck gardeners and fruit growers of Lee county. It is too costly to raise corn or wheat in Lee county.

Farmers are trying to cultivate 25 or 30 acres of corn? What is the result? He is wearing out his soil. It costs too much to fertilize that many acres. Why not cultivate only that which you can keep enriched. You could can everything you can raise. Farmers would then begin to cultivate their orchards. You would see Lee county blooming like the rose.

You merchants of Beattyville say you want a whole-sale grocery house in Beattyville.

This then is the way to get it. Help the farmers get his canning factory. And the whole-sale grocery will come without any effort.

The people of Beattyville and Lee county ought to see to it that the property left vacant by the fire near the railroad should have both these industries on them within the next eighteen months.

Gross Well Is Reported Producer

Report has just reached this city at 10 A. M. today that Mr. Clifton Gross' Buffalo well has been brought in a good producer. If this report is confirmed, Owsley county is just entering upon its wave of prosperity.

MILLARD M. ESTES PASSES AWAY

Millard M. Estes, prominent farmer and churchman of this county, died at his home on the Beattyville-Irvine Highway, three miles north of Beattyville, Thursday morning at 2:35 from blood poisoning which resulted from a wire being stuck in one of his thumbs a few days ago. Mr. Estes attended the Grand Lodge at Louisville last week and his thumb began paining him to such an extent he returned home and on his way had a physician at Lexington to lance the thumb. He was in this city on Tuesday and was complaining of his thumb at the time and went home and called Dr. A. B. Hoskins about 3 P. M. that day. On Wednesday Drs. Evans and Hoskins both called to see him and found that his system was being rapidly poisoned.

Mr. Estes was born March 10th, 1862 and when a young man married Miss Patsy Ann McGuire, daughter of Ancil McGuire. They have five children, Mrs. C. Z. Shearer of this city, Rowland Estes, Jasper Estes, Shelby M. Estes and Mrs. Kelson Ashcraft all of this county.

Mr. Estes was one of the county's progressive farmers and his farm is noted for the fine fruits he raised on it. He was a prominent member of the Christian church and built the church at Mt. Olive. He was a mason and member of the Junior Order United American Mechanics. The funeral services will be conducted from the home by the Masons and Juniors at 2:00 P. M. Friday. Rev. T. F. Hale will preach the funeral.

The Enterprise extends to the family its sincerest sympathy.

Don't fail to see those fine Christmas Card samples at the printing office.

MISS EULELA LYONS WINS THIRD TEST

The Enterprise's third test on American History was won last week by Miss Eulela Lyons, the fifteen year old daughter of Mr. and Mrs. W. A. Lyons of this city. This was the first time that Miss Lyons had sent in answers and to be returned the winner in a field of eleven contestants. She is one of the workers in our High School. We sincerely trust that she will continue with our history class. She is a valuable member to it.

The number of contestants this week was eleven with letters from others asking now to get into the contest. Those inquiring were promptly written how to get in and asked to do so. The number of entrants next week will be very likely much larger than this week.

Little Miss Ruth Mountz, a seventh grade pupil at Bellepoint, joined the class this week and the paper submitted by her deserves special mention. Miss Mildred Iverson of this city, a member of the class, was a close runner up. For neatness and style in putting up her paper she is an artist. Harry Rawlings of Heidelberg sent in his first paper and we advise the young people to keep an eye on Harry. Miss Mae Watts of this city lost this contest by a single point.

Miss Lyons will receive from The Enterprise a box of our very best stationery as a reward for winning this contest. We wish her continued success.

BEATTYVILLE GUN CLUB

A number of young gentlemen of this city have organized the Beattyville Gun Club and each afternoon our citizens are entertained by list ning to them brake the clay pigeons out on Blakey Heights. Among those belonging are R. H. Culton, J. Hart Brown, Dr. Carl Kidd, Bourne Salin, Thomas C. Pryse, Cliff Hieronymus, C. M. Boone, Robert L. Wilson, B. A. Knight, Bruce Collins and Chas Blount.

According to the reports, Chief of Police, Blount, is carrying away the honors. We are expecting a great live bird record from some of the gentlemen a little latter in the season.

BAPTIST MINISTER ANNOUNCES PROGRAM

Rev. W. L. Hutton, pastor of the local Baptist Church, has announced that he will preach a series of sermons on "The Seven Sayings of the Saviour on the Cross."

Brother Hutton is a forceful and entertaining speaker and these sermons should be heard by crowded houses. The Death of the Lord Jesus Christ is a subject of never failing interest to all who study the Scripture of Truth. This is so, not only because the believers all, both for time and eternity, depend upon it, but also, because of its transcendent uniqueness. Four words appear to sum up the salient features of this Mystery of mysteries: the death of Christ was natural, unnatural, preternatural and supernatural.

As the first of the year may find Brother Hutton moving to another field his desire is to teach as much as he can about the Saviour. He invites one and all to attend these services and assures all of a hearty welcome at every service.

Revival Meeting

Sunday, November 1st, has been designated as Out-of-Town Members and Visitors Day for the revival meeting being held at Clay City. Lets Go. Train service just right.

The official ballot to be used in Lee County will contain the names of all candidates who won their nominations in the Primary election on August 4th. The Kentucky Court of Appeals in deciding a case from Bath county where the Republican candidate for County Clerk failed to file his certificate of nomination more than forty-five days before the November election, but was afterwards nominated for the same office by the Republican County Committee, held that the name as certified by the Committee should be placed upon the ballot. Under this decision all the democratic candidates who failed to file their certificates of nomination in time will be on the official ballot.

Under this decision H. D. Rogers, W. H. Dickerson and M. V. Abston, republican candidates for Justices of Peace, H. H. Williams, republican candidate for Constable in the Fincastle district and A. P. Hodges, republican candidate for County surveyor, all of whom failed to file their certificates in time, were placed upon the official ballot by the Republican County Committee.

PROMINENT COLORED CITIZEN PASSES

On Monday, October 19th, Rev. Jack Spicer of this city, died at the St. Joseph Hospital, Lexington, Ky. He had been in ill health for some time and had gone to Lexington for an operation for a growing tumor. He lived only a few hours after the operation.

Mr. Spicer was born in Breathitt county on March 31, 1875 and came to Lee county about twenty years ago. In 1906, he married Maggie Godfrey, daughter of Joseph Godfrey. He was one of the leading and most progressive colored citizens of this county and had accumulated considerable property. For a considerable length of time and during the oil boom days he was the proprietor of a first class restaurant on Main street in this city. For several years he had been a leading worker in all religious causes with his people and at the time of his death was the pastor of the Greenhill Church of this city.

He leaves a widow and one son, who is attending the State Normal School at Frankfort, and a host of friends of both races to mourn his departure.

Judge Sam Hurst was in Hazard this week on business.

"Oh How I Envy You!"

by O. Lawrence Hawthorne

Lying there in all your splendor
Like a prince of other days,
Greeting with a smile so tender
Everyone's adoring gaze—
How contented with your station
Is your happy little heart!
Pretffulness and lamentation
In your program have small part.

Just to lie and kick and wriggle
And to stretch and squirm and roll,
While you grunt and coo and giggle—
Bless your joyous baby soul,
All you ask is rest and quiet
And a mother's loving care;
Yours is such a simple diet:
Water, milk and good fresh air.

How I envy you the pleasures
Of your artless baby ways,
And the many priceless treasures
That enrich your baby days!
I wish I could have them haul me
In a baby cab again—
And could hear sweet voices call me
Things they seldom say to men!

To The Voters of Lee County

You now have the opportunity of electing as your officers for the next four years the following men:

J. F. Sutton for County Judge
T. T. Brandenburg for Sheriff
E. B. Rose for County Attorney
Shelby M. Estes for County Clerk
Robert Brandenburg for Jailer

For Justices of the Peace:

G. A. Bailey, District No. 1
John Creech, District No. 2
J. K. Hobbs, District No. 3
J. P. Howell, District No. 4

These men are offered to the citizens of Lee County as servants to manage the County's business, and we honestly believe that no better men can be selected to serve our people.

These men are Progressive, Sober, Honest, Capable and Willing to give their best services to help continue Lee County's onward march of Progress.

The Progressive Platform of our candidate for County Judge is endorsed by all of these candidates and they promise the people of Lee County to stand united behind him in every move he makes for the betterment of our county.

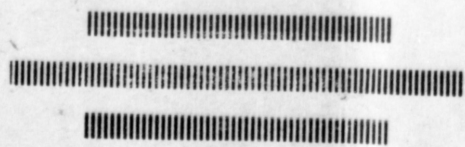

We offer these candidates for the advancement of Lee County and not for the purpose of building up a political machine for the benefit of designing politicians.

We promise the voters of this county a continuation of our Progressive Road Program with such extensions to all parts of our county as our finances will permit.

We promise to lend our united effort to the creating of a better School Spirit and the bringing of our Educational System to a Higher Standard in order that all the Children of Lee County may receive the same advantages for an Education.

LEE COUNTY DEMOCRATIC COMMITTEE.

To the Voters of Lee County

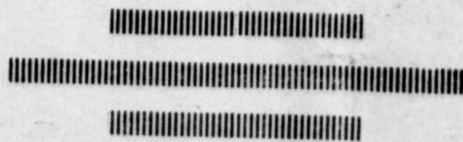

This is the first time I have ever asked the people of my county to support me for an office. I ask the support and votes of the citizens of Lee County for Sheriff and promise them, if elected to this office that it will be my ambition to make them a good officer.

I will endeavor to deal justly and fairly with all the people of the county at all times and in a courteous manner.

I will make them a sober officer and give to them a business-like administration. I will have only sober, highclass men as my deputies.

I have the highest regard for my opponent and will not use any unfair means to bring about his defeat. I am running upon my own record as a citizen and invite all those who do not know me personally to inquire about me. I will work and use my influence for a better and more prosperous county.

Your support is earnestly solicited.

T. T. Brandenburg

To the Voters of Lee County

The democratic candidates and some of their friends have raised a great hubbub about their failure to file their certificates of nomination forty-five days before the election. For many years and until the law was changed by the legislature in 1918, these certificates were required to be filed not less than fifteen days before the general election. In that same year the law was so changed as to require them to be filed not less than forty-five days before the election and this has since been the law.

Only one democratic candidate complied with the law, to wit: Mr. Robert Brandenburg, candidate for Jailer, who filed his certificate on September 7, 1925. Mr. Brandenburg is not a lawyer; yet he did what the law requires. Two of the democratic candidates are lawyers; yet they and the other democratic candidates failed to file in time as Mr. Brandenburg did, altho this law is in the Statute for anybody to read. Those who seek information on this point should inquire of the democratic lawyer candidates who doubtless can give detailed information.

Apparently the failure to file in time was not noticed until a similar question came up in Estill county, and then the democratic candidates who had not filed in time filed their certificates with the county clerk, Mr. W. O. Bradley, who stated that he would put them on the ballot, notwithstanding their failure to file in time. Matters stood thus until the Court of Appeals decided that the democratic candidates in Estill county could not go on the ballot and then all the democratic candidates in Lee, except Mr. Robert Brandenburg and Mr. E. B. Rose, resigned their nominations and the democratic committee named other candidates in their place.

The new candidates then filed their certificates of nomination with the county clerk and brought suit to have their names placed on the ballot. The Court of Appeals directed the names of the new candidates to be placed on the ballot and then the new candidates resigned their nominations and the democratic committee renominated the old nominees and Mr. Bradley, the county clerk, is placing the names of the old nominees on the ballot. Three republican candidates for magistrate, one for constable and one for County Surveyor, failed to file in time, in the same manner as the democrats did and their names are being placed on the ballot, as they have been renominated by the republican committee.

Neither the republican candidates nor the republican committee nor W. O. Bradley have ever tried to keep any democratic nominee off the ballot. The printing of the ballots has been held up for the express purpose of allowing the democrats to make all the changes in their candidates that they desire to make and now that they have finally got their old candidates on the ticket, the ballots are being printed just as the democratic committee desires. The republican candidates have always been willing and are now willing to run against any candidates the democratic party might name.

We appeal to you to vote for the republican candidates.

Beattyville Basketeers Take Two more Games

The boys basket ball team of the Athenia Academy from Owsley county lost to the boys of Beattyville High School by a score of 37 to 21 Thursday evening of last week at the high school gymnasium here.

From the time the opening whistle blew and Updyke made the first score for Beattyville, the first quarter was close and fast. In the second quarter, the Beattyville team forged ahead and remained there. Only one or two goals were shot by the Athenia boys in that quarter, who when they saw they were in a bad ground, became excited and continued and as a result not another score was made during the first half.

The second half of the game was one-sided from the start to finish. Not a goal was shot by the Athenia team during the rest of the game, and they offered only the slightest resistance to the B. H. S. men who shot ball after ball into the basket on their side of the score up to 37.

It was a good game and fast until the final whistle blew, leaving square all the way through.

The next day, Friday, the boys went to Clay City and engaged the quartet on their own floor. Here the game was even more one-sided than the one of the night before. But it was a good clean game and started to finish. Clay City is just getting started and before the season is over will make a better showing. The score was 46 to 8.

Beattyville Coldest In U. S. November 26

Monday, November 26, a big Louisville daily newspaper laid claim for that city as being the second coldest place in Dixie. Asheville, N. C. was first with a minimum temperature of 18 and Louisville second with a minimum temperature of 20. But those records were evidently hung up before the rest of the United States was heard from. Beattyville had a minimum temperature of 14 for the twenty-four hour period ending 7 a. m. Monday. Harve, Montana, was the only station reporting temperature that low. But at 7 a. m. the temperature had raised four degrees at Harve while it was still 14 at Beattyville. Therefore Beattyville lays claim to being the coldest spot in the United States at seven o'clock Monday morning according to the daily weather map published by the U. S. Weather Bureau Office at Cincinnati. This map is published daily and contains reports from 130 stations in the United States and Canada and Beattyville is one of the 21 stations reporting from the Ohio Valley.

PROFESSOR GEORGE ROBERTS HONORED

The following article appeared in the Blue Grass Farmer section of the Lexington Herald last Monday and when the county agent read it he was so well pleased that he clipped it and is passing it on that you may enjoy it also. Prof. Roberts has done much to help us here in Lee county, especially with our soil problems. It was through his recommendations that we learned the value of small applications of finely ground limestone and super phosphate to our Lee county soils, and some time in the future we will be

School Children Inoculated

137 children of the Beattyville graded school were inoculated with toxin-antitoxin, a serum to prevent them from contracting diphtheria, Tuesday by Dr. Edwin Cameron and Miss Alice Payne, of the Lee County Board of Health. The serum used in the inoculation immunizes the person for a period of five years. The City Board of Education had the work done to guard against an epidemic of diphtheria in the school.

Superior Chevrolet Moves to New Quarters

The Superior Chevrolet Company which has occupied the building near the Masonic Temple has moved into new quarters near the Peoples Exchange Bank building. The office and show room fronts on Main street at the end of the bridge. The shop and storage room entrance is on "Old Ferry" street just back of Congleton Bros. warehouse. Girls Defeated At Clay City

The girls basket ball team of the Beattyville High school was forced to take the small end of the score by the Clay City team Friday night of last week after a hotly contested game at the latter's gymnasium.

The B. H. S. team defeated the Clay City girls last year and they were out to get revenge. Although our girls played hard and fast from the start until the final whistle blew, the Clay City girls were larger and the better goal shooters of the two teams. There were no outstanding stars as all played equally well and deserve equal credit for the clean sportsmanship displayed. The score was 22 to 15 in favor of the Clay City girls.

The following girls of B. H. S. played in the game: Baxter, Coomer, Howerton, Lyons, Cornelious, Isaacs and Little.

Revival Closes

The revival held at the Baptist church during the last two weeks by the Rev. William R. Royce, of West Irvine, was brought to a successful close Sunday evening with three additions to the church by letter.

Mr. Royce is an interesting and eloquent speaker with a message which he knows how to present to the people. Large crowds attended both the afternoon and evening meetings, and they always do when Mr. Royce is scheduled to speak.

Auto Accident

Mr. and Mrs. Robert Sherrew narrowly escaped serious injury Monday evening when the car in which they were driving collided with one of the big road trucks, just out side the city limits on the Beattyville-Irvine Highway.

KENTUCKY, FLAG, FLOWER, BIRD AND SONG

Frequently we are asked: "Has Kentucky a State Flag?" or, "What is the State Flower of Kentucky?" The State flower is the goldenrod. The native red bird or Kentucky Cardinal, is the State bird and "My Old Kentucky Home" written by Stephen Collins Foster is the official state song. The State Flag is of silk or bunting, navy blue, with the seal of the Commonwealth encircled by a wreath of goldenrod in the center. The seal of the State and the wreath may be embroidered, printed or stamped and the dimensions of the flag may vary.

LEE COUNTY FARM NOTES

Lee county has made wonderful agricultural progress during the past year in spite of floods that handicapped our farmers during spring and summer.

Some fine reports are coming in from every section of the county of splendid things accomplished during the year which we shall tell you about from time to time as we have the time and space.

It seems from the information we have at hand that Rocky Hill, Pleasant Flat, Union, Three Forks and Oliver Communities have been the most progressive when it comes to pure bred chickens raised.

Charley Chaney, near Airdale, raised about 400 Barred Rock and White Leghorns and built a new

poultry house this year. We will tell you more about Mr. Chaney's poultry work soon.

Mr. B. Sternberg is getting an average of 42 eggs a day from a flock of 84 early hatched pullets. Mr. Sternberg purchases baby chicks usually the last of February, gives them good care and feed which accounts for well filled egg baskets.

Sam Moore and M. Brandenburg, Lower Buffalo, each used basic slag phosphate fertilizer on corn with excellent results this year. Each believe that this fertilizer increased the yield considerably. Mr. Brandenburg says it was the best crop of corn he has raised and Mr. Moore is so well pleased that he expects to use large amounts of this fertilizer next year.

There will be held in the office of

the County Agent of Beattyville Tuesday, December 4, a County Agent News Conference. The County Agents of the east Kentucky River counties will be here. Mr. C. D. Stamper, editor of the Enterprise will be on the program and Mr. Law is, our news man of the college will be here.

Miss Anna Jones, a Beattyville High School girl and member of the 4-H Club was awarded first prize by the Enterprise in the County Better Livestock essay contest. Miss Jones was awarded second place in the State Contest.

Wm. Dickerson, Pleasant Flat Community, grew about 4 acres of Soy Beans this year. Mr. Dickerson grows soy beans every year. We have been informed that one winter Mr. Dickerson carried a mule, cow and hog through the winter on the hay which grew on one acre of soy beans, and they came through sleek and fat. The hog ate the beans which shattered from the hay. you want plenty of good inexpensive feed grow soy beans next year.

LIMESTONE AND PHOSPHATE BOOST YIELD OF OATS AND GRASS

Stephen Fraley, out in Pleasant Flat community applied 400 pounds of finely ground limestone and 20 pounds of super phosphate to one acre and the field was seeded to oats and grass. On this treated acre Mr. Fraley secured a yield of 40 bushels of oats and a fine stand of grass. On the untreated land the yield of oats was a little better than 25 bushels and but little grass. In other words there was an increased yield of 15 bushels of oats and a fine stand of grass on the lime and phosphate acre. The value of finely ground limestone and phosphate in increasing yields on our Lee County soils can not be overestimated as can be seen from the

at least 100 tons of marl each this fall and winter.

Agricultural limestone is being shipped into Washington county for the first time, farmers using it on small grain where they plan to sow clovers and alfalfa.

Three hundred colored farmers attended community meeting in Christian county, where the colored agent talked about fruit growing, fall plowing, liming the soil and feeding for egg production.

Breathitt county farmers report the largest soybean crop in years. The corn crop was smaller than last year. Potatoes are selling for 60 to 75 cents a bushel.

THE PRE-SCHOOL AND SCHOOL BLUE RIBBON HEALTH STANDARDS

The following are the standards adopted by the County Health Department for children four to six years of age, which they must reach before May 1929 in order to win a Blue Ribbon. (The standards for children six months to four years were published in the last issue of this paper.)

The standards for four to six years are:

1. Physical finding: Normal weight for height and age; good posture—abdomen not protruding and shoulder blades flat; teeth free from decay or other defects; normal throat or defects corrected.

2. Immunization: Vaccinated against smallpox; toxin-antitoxin given to prevent diphtheria.

3. Habits: Drink one quart of milk every day; eat a green, leafy vegetable every day; eat fresh or stewed fruits every day; eat no sweets; eat no pork other than crisp breakfast bacon; eat meat not more than once a day; do not drink tea, coffee, soft drinks nor eat fried and highly seasoned foods; eat nothing but milk between meals, drink at least four glasses of water every day; go to bed not later than 7:00 P. M.—sleep with windows open; at least one and one-half hour's rest during the day; at least three baths weekly; wash hands before eating and after going to the toilet; brush teeth twice daily—after breakfast and before going to bed; have a natural elimination of waste from the body every morning; play and exer-

ESTILL COUNTY

The Irvine and Ravenna Kiwanis Club celebrated its seventh anniversary Friday night of last week as a service club by entertaining its charter members.

Mr. B. Dixon Hall, of Atlanta, Georgia, was in Irvine and Ravenna last week to organize a business school for the twin cities and the institution has been named the Twin-City Business College. Mr. Hall has more than 25 years experience in this work and comes highly recommended by various chambers of commerce where he has conducted business schools.

PERRY COUNTY

Miss Lillian Cole, of Hazard, suffered a very painful injury Friday afternoon of last week while attending the football game between Irvine and Hazard. She was standing near the line when a player ran out of bounds striking her and causing her to fall, sustaining a broken limb just above the ankle.

J. N. Moore, of Hazard, was found dead in the woods near the L. & N. R. R. Shops Friday afternoon of last week. It is thought that he died of heart failure. He was met by a friend Thursday morning as he was starting hunting. It appears that he later sat down to rest and died sitting down. His faithful dog remained at his side until found the next day and then would hardly allow anyone to touch him.

The Bulldogs, of Hazard High ended their football season Friday of last week with a victory over Irvine in a game which decided the championship of this section of the state. Neither team had been defeated by a high school team and interest was high in all schools of this section.

Since the beginning of the school year in Perry County, Dr. Taylor Hurst, the county's efficient truant officer, has had summoned some 160 individuals who appeared before the court to answer why they kept their children from attending school. Of this number 155 of them either paid their fines or went to jail for failure to do so.

Joe Bowling, of Hazard, was killed in a slate fall while working at

Breathitt recently in the interest of the Republican presidential ticket that he placed his order with Walter Gregory at Haddix.

The National Detective Bureau Inc., of Lexington, has placed a branch office in Jackson with J. S. Chambers as manager.

A tonsil and adenoid clinic was held in Crockettville Thursday and Friday of last week by Dr. C. B. Kobert, of the State Board of Health assisted by Miss Greenwall, nurse, and Miss Armentrout, clerk. Over one hundred patients were examined and twenty-one were operated on. Trachoma was found in many of the patients examined.

The basket ball girls and boys of Houston Academy played Athenia Academy, of Owsley county, Friday of last week. The Houston boys won but the girls were defeated.

Mrs. H. June Jett, of Jackson, was hostess at a lovely dinner party Thursday night of last week at her home on Highland Avenue in honor of the faculty of Lee's College and other close friends. Covers were laid for twelve.

James P. Stamper, of Saratoga, California, and Miss Forest Stamper, of Beattyville, spent the week-end here with Mr. and Mrs. J. L. Stidham.

POWELL COUNTY

Henry Waldon, age 81, one of the best citizens of Clay City and Powell county died Thursday morning of last week at his home in that city. He was born in Oldtown, Maryland, but had been a resident of Powell county for about fifty years.

Fred, the little 12 year old son of Mr. and Mrs. Walter Potts, has a serious attack of double pneumonia following the removal of his tonsils.

Two other children of Mr. Potts, also have had their tonsils removed and experienced no unusually bad effects from the operation.

The remains of Ed Marcum, 55, were brought to Clay City Tuesday evening of last week from Dayton, Ohio, where he was run over by an automobile Sunday of last week and killed. Mr. Marcum was knocked in the head some weeks ago in Dayton and robbed by highwaymen, but he had recovered from those injuries and had gone back to work.

Officials In State Bee Selected For Experience

The entire set of officials in the oral finals of The Courier-Journal State Spelling Bee will be educators experienced in such competitions. Misses Ruby M. Conkling of Louisville Girls High School and Nelda Waterman of Louisville Normal School both have served as pronouncers in previous State matches. The judges are H. J. Hainfan, superintendent of Paducah City Schools, Dean Cloyd McAllister of Berea College, and Father George R. Saffin, superintendent of parochial schools of the Louisville Diocese. While Father Saffin is serving for the first time in a State match, he formerly was assigned to St. Mary's parish in Paducah, which produced three State champion spellers, and he is familiar with the procedure in Spelling Bees.

Spellers competing in the State match this year will meet at 9 o'clock, Wednesday morning, April 13, in the auditorium of Louisville Male High School, Brook and Breckinridge Streets, to take a written test of fifty words. The names of the twenty to forty spellers who make the highest grades in this written test will be announced at a luncheon to be given by The Courier-Journal in honor of spellers at noon at the Kentucky Hotel, and these spellers will enter the oral competition in the afternoon.

The State Spelling Bee is the opening feature of the Kentucky Education Association convention and its officers and directors will be invited to attend the luncheon in honor of spellers. Announcement of the hour WHAS radio-phonograph of The Courier-Journal and The Times, will radio-cast the final match probably will be announced within the next week. Floreine Marcum, of Belle Point will represent Lee County in the state match as decided by the county bee sponsored by The Enterprise and the county superintendent, Sam B. Taylor, and held here February 13.

Blue Ribbon Inspection Completed At St. Helens

The Lee County Health Department this week completed inspections covering the sixth, seventh and eighth grades of the St. Helens school in connection with the Blue Ribbon Contest, awards to winners of which will be made on May Day. Pupils of other schools in the county have already been inspected. The inspections deal with physical fitness and are to promote better health among the children of school age. Where imperfections were found the pupils were advised how they might be corrected.

An official proclamation by President Hoover was issued this week naming May Day as National Child Health day. Winners in these contests which cover the entire nation will be awarded a blue ribbon bearing a suitable inscription at that time.

Miss Pansy Kincaid, daughter of Jake Kincaid of Finecastle, who was taken to a Lexington hospital last week for an examination to determine the advisability of an appendicitis operation returned to her home Wednesday. It was decided to delay the operation, unless complications arise.

McKinley Rice Fatally Shot Saturday Evening

McKinley Rice, who at one time was an employee in the postoffice here, but moved away some ten or twelve years ago, was shot and fatally wounded on Tipton Ridge in Estill county, about 7:30 in the evening of March 19.

Rice was returning to his home in Irvine at the time the shooting occurred and stopped at a filling station to purchase cigarettes when he was accosted by Donald Barnes, 23, of Furnace, Estill county, whom it is reported that he arrested several years ago a charge of attempted assault on a woman. It is alleged that Barnes reminded Rice of the arrest and opened fire with two pistols, the first shot struck Rice in the chest and passed entirely through his body. Rice turned to run and was struck by two more bullets, one in the back and one in the arm. It is said that either of the two shots in the body would have been fatal. Rice got to the car with his companions who immediately started to Irvine but Rice was dead before they reached that city.

Barnes was arrested several hours later by Estill county officers and when brought before County Judge Harry B. Wilson examining trial was set for Wednesday morning. Barnes was found guilty at the examining trial and bound over to the next session of the grand jury without bail.

Zachariah Road Likely To Be Completed In Six Weeks

Work on the Zachariah road was started several days ago and if good weather continues it is believed that work of grading will be finished by the last of this week. According to a statement from one of the engineers in charge of the work the entire job can be completed in about six weeks if weather will permit work for the major part of that time.

Estill Bootleggers Band

A story in the issue of March 23 of the Louisville Courier-Journal states that fifty-two bootleggers held a convention on Tipton Ridge in Estill County on March 22 and rendered an ultimatum that they would not support any candidate for office that would prosecute them for their activities.

Many of the men who are said to have attended the convention, the first of its kind ever held in Estill County, said that bootlegging was the only means that they had of supporting their families.

The ultimatum was directed to candidates for county offices and expressed in a resolution adopted by the convention. The chairman announced that at the next meeting bootleggers from other counties would convene with them.

Recent births in Lee county are: To Mr. and Mrs. Loyd Smyth of Audra, March 14, a boy, Albert Ray; to Mr. and Mrs. William Creech of Idamay, a boy; to Mr. and Mrs. Crit Smyth of Audra, March 17, a girl, Marie; to Mr. and Mrs. Jackson Charles of Zachariah, a girl, Mattie Malinda; to Mr. and Mrs. Dillard Howard of Belle Point, March 20, a girl.

Novel Entertainment For Beattyville-Lee Students

At the Wednesday morning activity period the students of Beattyville-Lee were entertained by the Dunigan Kiddies, musicians and dancers. The troupe is composed of a boy six years old, a girl eight years old and an older boy about seventeen. The younger children danced and sang, both solos and duets, while the older boy proved rather accomplished with the accordion. The program was enjoyed immensely by the student body. A small admission fee was charged each student and the school's portion of this will be given to the Juniors to defray expenses of entertaining the Seniors at a later date.

At the Tuesday morning activity period Rev. F. W. Drew conducted the last session of the Bible study course sponsored by the Hi-Y and the Girls Reserve, high school organizations. The entire student body was admitted to this lecture.

The activity period for the grades on Tuesday was conducted by the pupils of Mrs. Addie Brandenbuag.

Winfield Wilson Reported To Be In Grave Condition

Winfield Wilson, son of Zack Wilson, who was taken to a Richmond hospital Tuesday in a serious condition with a ruptured appendix is still reported to be dangerously ill.

The latest available report which was Thursday morning was a call to relatives here to come to Richmond as the young man's condition was considered to be extremely critical. So far as could be learned no later statement has been received here.

Marriage Licenses

Marriage license were issued the past week to W. D. Dunaway, of Congleton, and Miss Goldie Dunigan, of Idamay.

Dooley-Bush

Announcement has been made of the coming marriage of Chester Dooley, of Leeco, and Miss Thelma Bush, of Zachariah, the ceremony to take place at Lexington Saturday, March 26.

Card Of Thanks

We wish to express our sincere thanks to our many friends and relatives for the kindness rendered us during our sad bereavement in the loss of our dear wife and mother, Maggie Mae Monks. We especially want to thank Rev. Ball for his consoling remarks and St. Helens High School for the musical program rendered.

R. H. Monks, Misses Ruth Louise, Viola and Frankye Arnold

Sallie Ray Hobbs of St. Helens has been severely sick with flu during the past week.

Uncle Charley Davis of Primrose, 83 years old, has been under medical attention for some time. He is suffering from an acute pulmonary involvement. His condition is reported to be satisfactory.

Mrs. Patsy Ann McGuire Estes, age 76, died at her home at Mt. Olive Tuesday morning at six o'clock. Cause of death was attributed to an abscess of the brain.

Mrs. Estes is survived by three sons, Shelby, Rowland and Jasper Estes, and two daughters, Mrs. Kelton Ashcraft and Mrs. Addie Shearer, as well as several grandchildren and other relatives.

Funeral services were held at the Mt. Olive Church Wednesday afternoon at 2:30 with Rev. William Warner in charge. Interment was in the family cemetery near Mt. Olive.

Mrs. R. H. Monks Dies At Lexington Sunday

Mrs. Maggie Mae Monks, 48, wife of R. H. Monks of Lexington, died at her home on the Kingston Road Sunday, March 20, after a short illness.

Mrs. Monks was born and reared in Lee county, the daughter of Henry and Fannie Banks Norman. Besides her parents and husband she is survived by four daughters, Misses Ruth, Louise, Viola and Frankye Arnold, all of Lexington; one brother, Simp Norman, of Willow, Kentucky, and two sisters, Mrs. Mary Stacy of St. Helens, and Mrs. Amanda Lane of Manchester, Miss.

Funeral services for Mrs. Monks were held at the Christian Church at St. Helens Tuesday morning at 10:30 with Rev. R. Z. Ball officiating.

Resolutions Of Respect

Beattyville, Ky.,
March 17, 1932.

Whereas, in His divine wisdom the Master of all good workman hath whispered the last benediction to our brotherbuilder, James Thomas Arnold, and called him from the rising "ashlars" to temporal Masonry to set him to work anew in that celestial temple surrounding the great white throne of God; and

Whereas, during his allotted years with us our beloved brother employed the tools of speculative Masonry with careful craftsmanship in building a character exemplary for its rugged honesty, beautiful for its brotherly love, and charming for its sunny tranquility; therefore, be it

Resolved, by Proctor Lodge No. 213, F. & A. M., that in his passing we have lost an esteemed and loyal brother, the family a devoted husband and father and the community an honored citizen; therefore, be it further

Resolved, that we deeply sympathize with the loved ones of our deceased brother and commend them to Him who has promised to be a very precious help in time of trouble; and be it further Resolved, that a copy of these resolutions be spread upon our minutes, a copy delivered to his widow, and a copy forwarded to The Beattyville Enterprise for publication.

Lee County Students At Berea College Organize

Lee County is well represented in Berea College this year. Enrolled in Berea are: Fay and Jerone Hieronymus, Earl Hobbs, Ina Dell McGuire, Podney Quillen, Mable and Essie Spencer, Edward Updyke. In the academy are: Mary Cox, Stella Hughes, Gertrude and Orpha Martin, Cleona Spicer, Etta and May York. In Junior High are: Lucy Crouch, Overie Duff, Harvey and Inez Hieronymus, Floyd and Ibbie Hughes, Hargis Kendricks, and Ledford Mays. Mary Rains in training.

The group, with Miss Anna Maxwell as sponsor, had their first meeting of the semester last Monday night. Fay Hieronymus, Chairman, with the assistance of Essie Spencer planned a program which was enjoyed by all. At the close of the hour a short business meeting was held and Cleona Spicer was elected correspondent.

The following people were in the annual contests held in Berea last Saturday: Gertrude Martin of the Fire Side Industry, Fay Hieronymus of the Wood Work Department, Inez Hieronymus of the Clothing Department and Charles J. Hieronymus of the Wood Work Department.

Further Sanitary Aids Added To County Schools

In line with the idea of promoting a higher state of sanitation in the county schools a new toilet is being erected at the Mt. Olive school. The new building is of the type approved by the state board of health which is the earth pit type.

Improvements to the cistern of the Proctor school to conform with the standards of the state board of health were announced last week and further steps are planned that will improve sanitary conditions in other schools.

Newspaper Advertising Lauded By Drug Company

A communication to The Enterprise from the Monticello Drug Company of Jacksonville, Florida, dated March 10, 1932, offers conclusive proof that newspaper advertising is still the most reliable way of putting your product before the public. The letter refers to a contest which closed recently and which the company considers highly successful.

The 666 Salve Contest recently conducted owes most of its success to newspaper advertising. No radio or bill boards were used in this campaign. This contest was of national scope and thousands of entries were received from every state in the union. Monticello Drug Company.

Christian Church To Hold Special Easter Services

There will be special services at the Beattyville Christian Church Sunday March 27 at 11 a.m., and 7:15 p.m.

The speaker for the morning service will be D. W. Mainous and for the evening service Rev. A. T. Tipton will preach. His subject will be, What Think Ye of Christ?—Whose Son is He? Special music with Easter Anthems will feature both services.

Results Announced In Diploma Examination

A more careful check in the number of students taking the examination to enter high school shows that seventy-seven pupils took the examination held by county superintendent, Sam B. Taylor, on March 11 instead of eighty-five as had previously been announced. Of these, twenty-seven failed to pass the test.

The examination papers were graded on the point system with A representing an excellent grade; B, good; C, average; D, the lowest passing grade and F, failure. It is of interest that only four pupils passed the exam with a grade of A, eleven passed with B, twenty-six passed with C and nine passed on D. Twenty-seven failed to pass the examination. Those who failed will be given an opportunity to take the exam again later in the year, according to information obtained from Mr. Taylor. No definite date has been announced for the second examination.

Those who successfully passed the examination and are now entitled to enter one of the three county high schools are: Bert Chaney, Pleasant Flat; Carolyn Stidham, Beattyville; Cleo M. Browning, Long Shoal; Albert Cole, Proctor; Charlie Napier, Beattyville; Rena Gose, Beattyville; Annie Hollon, Glen Eden; Herman Tyler, Bald Rock; Irene Johnson, Bald Rock; Ralph Kelly, Green Hill; James Harold Porter, Beattyville; Alma King, Crabtree; Raymond King, Crabtree; Ernsel Hobbs, Beattyville; Lyda Brandenburg, Mt. Eagle; Elisha Martin, Proctor; Jethro Durbin, Pinnacle; Emmitt Smyth, Greelley; Coral Smyth, Greeley; Elvin Smyth, Beech Grove; Floreine Marcum, Belle Point; Prysie Lightfoot, Green Hill; Thelma Hampton, Bald Rock; Herbert Johnson, Bald Rock; Helen McGuire, Beattyville; Mildred Martin; Beattyville; Albert Hoskins, Beattyville; Lena Libson Gose, Beattyville; Nannie McGuire, Belle Point; Clarice Howell, Bear-track; Maggie Plummer, Proctor; Eugene Pryse, Beattyville; Gwendolyn Lutes, Beattyville; B. Lee County Farm Notes

The price of Korean lespedeza seed is so low this year no Lee county farmer should miss the opportunity to sow some.

Dock Abner plans to start some alfalfa on his farm on the Beattyville-St. Helens road.

It is a fine time now to sow some lespedeza on the old pasture on the wheat or with the oats.

Miles Brandenburg of Pawpaw community pruned some apple trees last week and he has a fine grape vine which he says has never been effected by black rot.

Chester McIntosh plans to grow some cane for sorghum called sapling. It is said to yield well and to make a very fine quality of molasses.

James Wilson of Canyon Falls community plans to grow 6 acres of soybeans and one acre of Irish potatoes.

Everett Newnam of Idamay community plans to plant 2 acres to cane for molasses.

John Davis of Primrose community plans to grow 4 acres of tobacco and a good sized truck crop in addition to his regular crops.

Dr. G. T. Smith has been building a lot of new fence on his farm near Rocky Hill. He is building up a large size flock of sheep and has a fine lot of pure bred Duroc pigs.

Just before the cold snap our Lee County farmers were getting a fine start with plowing and a fine lot of land was turned. Indications points to an early start this spring on all farming operations.

Loan Applicants Must Grow Garden

Farmers obtaining government loans to assist them in putting out this year's crops must agree to grow a garden for home use and a sufficient acreage of feed crops to supply feed for their livestock, it is pointed out by Dean Thomas P. Cooper of the College of Agriculture, University of Kentucky. This conforms with the live-at-home program which the College of Agriculture conducted throughout the state last year and which is being stressed again this year.

Money which the government is lending to farmers this spring may be used to buy seed, fertilizer, feed for work stock, fuel and oil for tractors, materials for spraying and dusting, and repairs for machinery. The maximum loan to any one borrower is \$400 and to the tenants of any one landlord \$1,600. The rate of interest is 5-12 percent, the money to be repaid Nov. 30.

Application forms are now in the hands of county agents. County committees have been appointed to pass on loans before they are forwarded to the St. Louis emergency farm loan office of the United States Department of Agriculture.

Dean Cooper has assigned H. F. Link, an assistant state leader of county agents, and John Cochran, an assistant county agent, to the St. Louis office to help handle applications from Kentucky.

Mixing rations according to Experiment Station recommendation, John Bailey, a Bath county farmer, has been producing eggs at a feed cost of 51-2 cents a dozen.

New Uniform Designed For 4-H Club Girls

WHEN the boys and girls meet in Washington, D. C., for their Sixth National 4-H Club Camp this June, the girls are going to look very trim and smart, according to Mary Grace Ramey.

The girls' new uniform, which she describes in an article in the April Country Gentleman, is so simple, she says, that any girl can make one herself with little difficulty.

"The dress is made of a green cotton broadcloth with a detachable collar of white," Miss Ramey says in her article. "The tie is white crepe de chine. Pearl buttons fasten the sleeves and the belt has a matching white pearl buckle. The correct length for the skirt is fifteen inches from the floor and the coat is long enough so that it covers the skirt yoke. The frock itself has no sleeves, but it does cover the tops of the arms just a wee bit. It looks prettier this way. The blouse and skirt yoke are in one, and every girl will fit her frock neatly to her individual figure."

"To keep the crisp knife-like edge on the skirt pleats, a row of machine stitching very close to the edge of each pleat will prove an invaluable aid."

"A rather small, soft crusher hat, of white felt, and sports shoes with approved heels, such as our pictured 4-H club girl has on, are the accessories recommended for the 4-H girl delegates to wear with their uniforms."

Four-H Club Notes

Eugene Brandenburg of Pawpaw 4-H Club has a calf for his club project and he plans to start with a lamb also.

Our 4-H Club boys and girls are getting a fine start in club work this spring. More than 350 enrolled to date.

Eileen Hogan will grow turkeys as her project and her sister, Edith, will set 4 settings of pure bred Rhode Island Red eggs.

Dema and Geneva Couch have a fine lamb each as their club project which their father, Robert, Couch, gave them a few days ago for their club lambs.

Ollie Brandenburg plans to raise White Rock chickens as her club project this spring. Offie is a member of Blaines Branch 4-H Club.

Hubert Davis and Dillard Creech, members of Monica 4-H Club will grow Irish potatoes as their club projects.

All the Monica sewing club girls have started work on their projects. Mrs. Dexter Lucas of Canyon Falls is their leader.

James Dunaway, member of Pawpaw 4-H Club, has started his tobacco project and his sister, Viyla, plans to start with 4 settings of Rhode Island Red eggs.

Sue Hieronymus, member of Monica 4-H Club, is growing Barred Rock chickens as her club project this spring. Sue is president of her club.

Geneva Lynch, member of Pawpaw club, has a calf for her club project and she is also in the poultry project and will grow some Rhode Island Red chicks.

Francis Mattocks, member of Proctor 4-H Club, will grow Irish potatoes and raise some pure bred chickens as his club project. Francis is president of his club.

Thomas Combs, member of Proctor 4-H Club, has a Poland-China pig which he will grow out as his club project.

Jesse Roach has enrolled in the Proctor 4-H Club and will grow popcorn as his club project this year.

Willard Ray Miller of Monica 4-H Club is raising pure bred S.

C. White Leghorns this spring as his club project.

Fred Fletcher and Russell Ball, members of Monica club, will each grow an acre of corn for their project this year.

Jack Hieronymus, member of Monica club, is taking a pig and sheep for his club projects this year. Jack is very much interested in fine animals.

Mitchell and James Bowman are each planning to start their club projects with 4 settings of pure bred Rhode Island Red eggs. They are members of Monica club.

Proctor to Have Sewing Club

At the Proctor 4-H Club meeting last Saturday when the roll was called it was found that Dorothy Coomer was the only member in the sewing club, but in a few minutes Dorothy and the other girls got busy and a club of seven members was soon organized. The other members enrolled were: June Daugherty, Tressie Jones, Josephine and Lillian Carter, and Lucinda and Anna Elizabeth Begley.

Monica 4-H Club Meeting

On March 16th, the Monica 4-H Club met at the school house with the leaders, Mr. and Mrs. Dexter Lucas. Kentucky Farm News

Thousands of acres of poor land in Fulton county will be sowed to grass mixtures and clovers, according to County Agent H. C. Brown. Much land that has been devoted to soybeans will be sowed to lespedeza. Grass mixtures are being sowed in many lespedeza fields. The county agent is endeavoring to have farmers produce enough feed for their livestock.

For the second time in the testing year, a herd owned by Clav S. Johnson in Oldham county last month made the highest producing average in the Oldham Jefferson Dairy Herd Improvement Association. His herd averaged 1,092 pounds of milk and 36 pounds of butterfat per cow. He is feeding alfalfa hay and crushed corn. R. L. Duncan another Oldham county farmer owned the second best herd.

A circular called "Turkey Talk" has been issued by the poultry department of the College of Agriculture, University of Kentucky, for the benefit of persons interested in raising turkeys. It discusses the selection of breeding stock, hatching, brooding and feeding poults, control of lice and mites, blackhead and other problems encountered in raising turkeys. Copies may be obtained from county agents or by writing to the College.

Louisville, Ky.—The War Against Depression, or the United Action Campaign, being sponsored by the American Legion, in cooperation with the American Federation of Labor, the Association of National Advertisers and the American Legion Auxiliary, to place a million unemployed persons back to work, has averaged approximately 10,000 jobs a day since the drive was inaugurated in February. Starting with less than one hundred communities, more than 1500 are now organized and actively engaged in the War.

The Louisville sector is now the scene of a "big push," which started Thursday, March 17, and will continue until 3000 men are placed in jobs and \$3,000.00 in new contracts for construction or repair work are secured. Nearly 1000 members of Jefferson Post No. 15, American Legion, and the American Federation of Labor, took to the field in open warfare, Saturday morning, March 19. Brig. General Ellerbe W. Carter is in command of the Louisville sector and has all civic, religious, trade and commercial groups of the city cooperating.

Department Commander Bacon R. Moore, Harrodsburg, again announced that the War should be carried to every county of the state if it took all year and that the Legion expected to keep up the campaign until the land of good times had been recaptured from the atrocious forces of depression.

Louisville, Ky.—Advice has been received from Congressman Maurice H. Thatcher, by Bacon R. Moore, department commander of the Kentucky Department American Legion, that he had been informed by General Frank T. Hines, director of veterans' affairs, that building No. 2 of the U. S. Veterans Administration Hospital, Lexington, will be utilized for neuropsychiatric cases.

Hospitalization will be offered first to the forty-five psychotic ex-service men now on the waiting list. This is the first time beds have made available for mental cases in any U. S. Veterans' Administration hospital in Kentucky; most cases of this character having been cared for

in state institutions.

Newport, Ky.—A gold life membership plate, the first of its kind ever to be given a Kentucky Legionnaire, was presented to Harper Moore, former finance officer of James Wallace Costigan Post No. 11, American Legion, this city, Thursday night, March 10, when over 300 members of the post gathered at Legion hall.

Moore was one of the founders of the Costigan post, which was formed in September, 1919, and has been an officer of the organization continuously since that time. However, his work required him to move to Cleveland, Ohio, and forced him to sever his official connection with the Newport outfit. (Department Vice Commander Charles M. Cairlo presented the plate in recognition of his long, faithful, honest and loyal service to the American Legion.

Newport, Ky.—Calls for the live-saving squad, extra police, a traffic jam and a minor accident characterize the exciting scenes that occurred at the Strand Theater, this city, Friday, March 11, when approximately 3,000 school children stormed the doors of the theater seeking to pay their way into the charity matinee with donations of food and clothing for the Campbell County Relief Committee.

Earl Dietz, commander of James Wallace Post No. 11, The American Legion, under whose auspices the charity matinee was given, stated that in all his experience he had never witnessed anything like it.

The schools were dismissed early and the response of the children was almost 100 per cent. When the crowd became unmanageable, members of the Newport Police Department restored order, and ropes were stretched by the life-saving squad.

A truckload of clothing and 1,752 cans of food were obtained for the relief work.

Louisville, Ky.—Appointment of John Mitchell, this city, as Director of Marksmanship for the Kentucky Department of the American Legion has been announced by Department Commander Bacon R. Moore.

According to Commander Moore, Mr. Mitchell will be in

active charge of organizing rifle teams in the various Legion posts throughout the state and will, very shortly, send out a questionnaire to each Post Adjutant on the subject.

Practically all Departments of the Legion conduct rifle matches in connection with their annual conventions, and it is expected that Mr. Mitchell will inaugurate the activity in Kentucky this year in connection with the organization's convention to be held in Middlesboro the latter part of July.

Somerset, Ky.—The combined years of military service represented in the color guard of Pulaski Post No. 38, the American Legion, this city, are 100 years, according to Dr. A. B. Waddle, post adjutant. Three members of the guard, Martin Kvarnes, Sam Ramsey and Chas. Ramsey, have each served 30 years. The fourth member, Dean Lynch, has a record of 10 years' service. Another member of the Post, Will Gossett, will be added to the color guard. He has served 30 years' military service.

Calhoun, Ky.—Under the auspices of James Bethel Gresham Post No. 60, American Legion, this city, a series of diphtheria clinics were held throughout McLean county during January and February. At one point, more than 100 children were immunized. The program was in charge of Post Commander Ed. G. Linderman and Post Adjutant D. C. Ross.

Safety first work is fast becoming one of the major activities of the American Legion.

Scott County Post No. 24, Georgetown gave a St. Patrick day dance.

Douglas Laws Post No. 52, Harrodsburg, is having every student in Mercer County write an essay on George Washington. A big all day patriotic rally will be held at Harrodsburg in April, when the prize winning essays are read and the prize awarded.

Mrs. A. J. Luig, Cynthiana, Committeewoman for the ninth district of the American Legion Auxiliary, announced that she has organized a Unit of the Auxiliary for Nicholas Post No. 17, American Legion, Carlisle.

Legion Posts Opens \$1 Bank Accounts For All New Babies

Long Beach, Cal.—Whenever a baby is born to a member of North Long Beach Post 326 of the American Legion, the posts opens a bank account of \$1 for the new addition to the Legionnaire's family. This practice was started recently by the post retroactive to January 1st, according to Howard J. Newstead, post publicity chairman. Three such accounts have already been opened, he said.

Automobile Service To Start March 28

Detroit, Mich.—A special service campaign of interest to the more than 4,000,000 Chevrolet owners in the United States is to be launched on a national scale by Chevrolet dealers beginning Mar. 28, M. D. Douglas, general parts and service manager of the Chevrolet Motor Company, announced here today.

Designed to improve the operation and appearance of cars now in owners' hands, the campaign will have the further effect of adding to the safety of the highways by insuring against any possible mechanical defects in those cars serviced during the campaign, Mr. Douglas pointed out.

Some vital operation, ranging from brake adjustments to wheel alignment and complete tightening of every part of the chassis, is to be offered by the dealers at sizable reductions from the flat rate charge, for a period of one week only during the campaign. Ten such featured services, all having to do with appearance and performance, are in the campaign, which extends over a period of ten weeks.

National newspaper advertising, as well as special newspaper campaigns for the dealer's local use, are to publicize the event and the featured services each week. Radio announcements on a national and local scale also are to be used.

Mr. Douglas pointed out that the special rates during the campaign will induce many people, who otherwise might not have their car serviced, to check at least vital points pertaining to performance before they get out on the highways during the heavy motoring season.

\$100,000 Eyes

BRITISH ACTRESS INSURES EYES FOR \$100,000. During her role in a London production, Miss Jean Colin, British actress, maintains a fixed stare and moves with the mechanical gestures of a doll for more than two hours. Because of the strain on her eyes, according to a report to the Better Vision Institute of New York, she has insured them for twenty thousand pounds, approximately \$100,000. Even the ordinary work imposed on eyes during this century, point out physicians, imposes an increasingly large tax on the resources of nervous energy, so that eye-strain frequently leads to insomnia, headaches, indigestion and other ills. Seven out of ten headaches are caused by overworking or misusing the eyes. Look to your eyes as Miss Colin has, says the Institute.

Hardening of the Arteries

Hardening of the arteries is called arteriosclerosis. It is one of the most important features of the process of growing old. Hence, the saying that "a man is as old as his arteries."

Arteries which have begun to harden lose their elasticity and

some of their capacity to function. Consequently, there is some degree of interference with the blood-supply of the organs of the body, which gradually atrophy and slow up in their activity. The total results is a slowing-up of the activity of the individual. He becomes "old."

Some people seem to inherit better arterial tissue than others. This, together with a life in which the arteries are not abused or damaged, often seems to defer the hardening process beyond the average. Those who begin life with poor arterial tissue, and whose lives result in damage to these structures, may develop arteriosclerosis long before the average.

Syphilis and other infections, lead-poisoning, overeating, excessive muscular activity, and a life of hurry and tension, are regarded as the common causes of arteriosclerosis. Some include alcohol and tobacco in the list.

Bodily and mental fatigue, dizziness, headache, ringing in the ears, and numbness and cramps are early symptoms. All of these may be caused by other conditions, so are not peculiar to arteriosclerosis.

Avoidance of infections, or their eradication if present, moderation in all things, including eating, working and muscular activity, and periods of relaxation, lessen the strain on the arteries, and help to prevent them from growing old too early.

Even when the process has begun before it should, much can often be done to stay its progress if one is aware of his condition. That is one good reason why a yearly medical examination is advisable.

Facts About Prohibition

Prepared by the Kentucky Committee of 1,000 Supporting the 18th Amendment

A Dance Hall Story

"In the winter of 1911 the Juvenile Protective Association of Chicago made a very careful investigation of 323 public dance halls, and found that 86,000 people frequented them on Saturday evening, of whom the majority were boys between the ages of 16 and 18 and girls between 14 and 16—the very ages at which pleasure is most eagerly demanded as the prerogative of youth. One condition they found to be general; most of the dance halls existed for the sale of liquor and dancing was of secondary importance. One hundred and ninety halls had saloons opening into them, liquor was sold in 240 out of 328, and in the others, except in rare instances, return checks were given to facilitate the use of neighboring saloons. At the halls where liquor was sold, by 12 o'clock practically all the boys who in many halls outnumbered the girls, showed signs of intoxication. At one hall, it was found that a cash prize of \$100 had been offered to the girl who at the end of the month had the largest number of drinks placed to her credit. . . .

"Under prohibition the large commercial dance halls in Chicago have come to be well chaperoned with a standard of conduct enforced by the dance hall managers themselves. Every boy and man who pays an entrance fee is examined by an officer for a flask; if a flask is found, it is taken away from him and in his presence the contents are poured down the sewer. At one of the large dance halls a few months ago, in one evening, out of 4500 persons examined, only three were found carrying flasks. Such a regulation, of course, would have been impossible unless the entire liquor business had been made illegal."—From "The Second Twenty Years at Hull House," by Jane Addams.)

Erosion

A survey in one of the Southern States showed that one county contained 90,000 acres of formerly cultivated land which has now been permanently ruined by erosion due to excessive washing and gullying, even down to the bedrock in many cases. A survey of another county in the same area shows that 297,000 acres, or 50 per cent of the total area, has largely lost its surface soil since the land was cleared.

The World Does Not End
A Sad Death
So, He Took \$75,000
Distribution Lacking

New York will soon celebrate the hundredth anniversary of Union Square. In April, 1832, those that visited Union Square went "to the country." The wise said, "Some day New York will reach up there." Forty years ago Union Square was the heart of business. Now it is left far downtown.

There were wonderful opportunities to buy real estate when Union Square was "in the country." There are as many opportunities now. Those who think the world is coming to an end will be sorry they had so little confidence.

Following the suicide of Ivar Kreuger, the great Swedish industrialist, driven to despair and death for lack of money that would have relieved temporary embarrassment, there comes another death infinitely more sad, that of George Eastman, the public spirited manufacturer and philanthropist of Rochester, N. Y.

All those that knew Mr. Eastman, who had been in failing health for a long time, will feel certain that weakness causing mental disturbance prompted the act that ended his life. With the deepest sorrow and sympathy, and undiminished admiration for a good man, friends will read his last words, written a few moments before death:

"To my friends:
"My work is done. Why wait?"

Death is only an incident, life is the real thing, and the world will turn from the sad incident of Mr. Eastman's death to the glory of his long, useful, generous career.

Interesting to a majority of Americans is the fact that "Babe" Ruth consents to accept \$75,000 for playing baseball next year. He wanted \$80,000.

The public is interested in money, deeply interested in baseball and the art of applying power at the end of a bat. It is especially interested in personality. "Babe" Ruth has it.

This country needs and lacks adequate, economical distribution. For that reason it is folly to tell four of the greatest industrial concerns in the United States, now engaged in distribution of the farmers' cattle, pigs and chickens, that they must not distribute other products of the farms.

To forbid full use of the farmers' distributing agencies is like telling a milkman that he can sell only milk, another wagon must bring the cream, and a third the buttermilk.

The consuming public at one end, the farmer at the other, pay all the distribution costs. Those that distribute meat should distribute all farm products—fruits, vegetables, raw and canned—everything, in short, that they can produce, everything that the farm produces and the consumer wants. To limit or forbid the business man the right to do what he chooses in his own way in legitimate business is idiosyncrasy, harmful to 90 per cent of the people. It is a part of top-heavy extravagance that brings depression.

What does this country need? What do conditions demand? What would make wheels begin turning?

More money. Shudder at the word "inflation" if you must, and shiver with the creeps at mention of "silver" if you choose. But in some way, and of some kind, this country should have more money.

It needs more money, not to stop petty hoarding by individuals, but to end disastrous hoarding by banks, blamed if they hoard, and blamed if they do not "maintain liquidity."

In the Sahara desert one man will kill another for a cup of muddy water, and Arabs kill their camels to get the water hoarded in the camels' stomachs.

That does not happen on the edge of Lake Superior, where there is plenty of fresh water.

Hoarding would stop, dread of new enterprises vanish, if money were really plentiful. You remember when the boom was getting under way and everybody said, "The cheapest thing in the world today is money."

Business men that have borrowed and paid faithfully all their lives can't borrow now. How can they employ the idle?

Those that lent money for new building and labor employment lost nothing now. Each class has money to his breast, as though it were his last crust of bread on a raft in mid-ocean.

Hindenburg's personal victory, foreseen by all that know the German people, is hailed by the nations as a guarantee of peace.

Hitler, young, energetic, had intimated that he would avenge "the wrongs of Germany" in connection with the 1914 war and the Versailles treaty, just as France for many years before 1914 had been promising to avenge the wrongs of 1870.

The avenging process may have to come, since men are still savages. But it ought to be reasonably postponed. (© 1932, by King Features Syndicate, Inc.) (W. N. U. Service)

Snowbound Post Goes over Top in 1932 Membership

Crestline, Cal. — Snowshoes were used to put "Rim o' the World" Post of the American Legion over the top in 1932 membership. Crestline, a hamlet situated at the crest of the San Bernardino mountains, was snowbound. Faced with the necessity of covering a radius of nearly 100 miles to sign members, officers of the post set forth on snowshoes. All veterans in the vicinity were contacted and a sufficient number enrolled for the post to exceed its membership quota for the year.

Social Fraternities Initiate Members

Approximately 118 young men and women students at the University of Kentucky were initiated into membership into social fraternities during the past week. Of this number 92 were men and 26 were women students. Requirements for membership are a scholastic standing as is required by the University and one semester on the campus previous to initiation. One Beattyville boy was initiated, Homer Brandenburg, Alpha Tau Omega.

Kentucky 4-H Club Members To Washington

The College of Agriculture, University of Kentucky, has selected four outstanding 4-H Club members to represent Kentucky at the National 4-H Club camp in Washington, D. C., in June. They are Miss Alice Arnold, Jefferson county; Miss Elizabeth Merritt, Graves county; Jack Lynch, Fayette county, and Woodrow Coots, Logan county.

Smaller Turkeys

The turkeys which grace Thanksgiving and Christmas boards are gradually growing smaller, says H. L. Shrader, poultry husbandman of the United States Department of Agriculture. Ten years ago consumers preferred large toms and the smaller birds (usually hens) brought lower prices, but now the market demand is for birds weighing an average of 10 pounds dressed. This year the smaller turkeys have commanded a premium of 3 or 4 cents a pound, Mr. Shrader says. One of the largest chain-store buyers states that three-fourths of the demand in his stores is for birds weighing from 8 to 12 pounds.

Kentucky Weekly Industrial Review

The following record of industrial activity lists items showing investment of capital, employment of labor and business activities and opportunities. Information from which the paragraphs are prepared is from local papers, usually of towns mentioned, and may be considered generally correct.

Adairville—Roy Sayne opened auto repair shop in rear of residence on North Depot Street.

Greensburg—Robert Moss and Huston Lowe opening auto repair shop.

Providence—J. C. Grainger acquired management of local A. & P. Store.

Leitchfield—Consolidated Utilities of Kentucky completed laying gas main under Illinois Central Railway tracks in West Leitchfield.

London—Leonard Reams opened fruit store in Felder building, Main Street.

Greensburg—J. W. Mauk plans opening filling station on North Main Street.

Barbourville—Ground broken recently for new building being constructed by W. H. Campbell, John Campbell and A. C. Black on corner Black Street.

Smithland—R. L. Wilson shipped carload cattle from here recently.

Hardinsburg—New Bank capitalized at \$15,000, opened.

Hustonsville—M. W. Cowherd, former Jamestown publisher, plans editing weekly publication here to be known as "Hustonsville Times."

Corbin—New post office building recently opened for business.

Leitchfield—Work of placing new front in store of G. W. Duvall and Son nearing completion.

Too Much ACID

MANY people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes. You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Be sure to get the genuine Phillips' Milk of Magnesia, prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drug store. The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia tooth-paste.

PARAGRAPHS FROM The University of Kentucky

The University of Kentucky debating team will meet the Loyola College team of Chicago, Ill., March 23 at the University. So far the Kentucky team has a clean record of three victories and no defeats in intercollegiate debate this year, having defeated the University of Florida debate team recently in an audience decision at the University of Kentucky. The question for the discussion with Florida was, "Resolved That Congress Should Enact Legislation to Provide for Centralized Control of Industry."

The University of Kentucky concert band, under the direction of Elmer G. Sulzer will present a series of six twilight concerts in the amphitheater at the rear of Memorial Hall, beginning the third week in April and continuing through the month of May. The concerts will be held each Thursday evening at 7:15 o'clock and will be given for the pleasure of the faculty, student body and general public.

An article by Dr. Paul P. Boyd dean of the College of Arts and Sciences at the University of Kentucky, entitled "Changing the Emphasis from Quantitative to Qualitative Standards in Accrediting of High Schools," was recently published in the March issue of the North Central Association Quarterly. This paper, which Dean Boyd read before the officers of the association in Detroit, accreditation that will measure more accurately the essential quality of the work done in the schools, and suggests various changes that should be made in the standards.

Dr. Frank L. McVey, president of the University of Kentucky, addressed the Southern division of the American Mining Congress at its annual dinner meeting held March 17 in Louisville. His subject was "The Relation of Education to Industry."

M. M. Boring, director of the personnel department of the General Electric Company visit-

ed the College of Engineering at the University of Kentucky recently for the purpose of selecting members of the 1932 graduating class for employment in the company which he represents. The selection of men for the General Electric Company from the University has been done almost exclusively by Mr. Boring, and many of the Kentucky graduates in that company have risen to places of responsibility.

Richard Priest Dietzman, chief justice of the Court of Appeals of Kentucky, was initiated as an honorary member of Phi Delta Phi honorary law fraternity at the University of Kentucky recently. Chief Justice Dietzman, a graduate of Harvard, long has held an important position in the Kentucky courts.

The exhibit of textile designs by Ruth Reeves and Henriette Reiss which has been on display at the Art Center on the University of Kentucky campus, will close March 22. The concluding exhibit of the year will be the display of student work the latter part of May.

Who makes your Fire Insurance Rate?

Property owners—individually and collectively—create the conditions which determine the cost of their fire insurance.

There is nothing secret in the making of fire insurance rates. Several major facts enter into the determination of these charges, such as construction, occupancy, the quality of private and public fire protection, exposure from other property and general loss experience.

ELIMINATE HAZARDS

Stock Fire Insurance Companies maintain bureaus to assist in eliminating fire hazards or correcting defects which may affect your rate. The advice of such bureaus is offered to you free of charge through your insurance agent.

Masonic Travel Service Established In Paris

Washington, D. C.—Because of the large number of Masons visiting Europe in 1929, some members of the Order, notably James G. Colner, established the Masonic Bureau Overseas at Paris. The purpose was to render service to Masons, particularly those who were touring Europe.

That the service is being appreciated is evidenced by the following number of Masons who have taken advantage of it:

California 26, New York 19, Texas 14, Massachusetts 10, Ohio, 10, Pennsylvania 6, New Jersey 6, Michigan 5, Washington, D. C., Kentucky, Illinois and Minnesota 4 each, Arizona 3, Arkansas 2 each, Kansas, Utah, Tennessee, Mississippi, North Dakota, North Carolina, Washington, Vermont, Louisiana and Florida 1 each. Also from Hawaii, Mexico, Turkey, Shanghai and Egypt. Seventeen of the thirty-third Degree, and twenty-seven states of the United States are represented. The visitors complimented the Bureau in an appreciative manner on the excellent and, what they thought, the necessary work it is doing.

Building Peep-Proof Fence For Exposition

Chicago, (Special). Within the next few weeks work will commence on the first 2.1-2.2 mile of what will eventually be a 31.2 mile fence enclosing the grounds of Chicago's 1933 World's Fair—A Century of Progress, exposition officials announced. It will be the world's first all sheetmetal fence and peep-proof!

The 9-foot high, bizarrely painted and ornamented enclosure with its 20-foot flagpoles at 100-foot intervals will furnish striking proof of the rapidity with which the exposition buildings are rising.

For, within the area to be fenced in, there are already standing seven buildings, wholly or almost wholly completed. Two highways have been built and the preliminary work has been done for a system of sewage, water, electricity and gas installations sufficient to serve a permanent city of 100,000 inhabitants.

By next June, when the Hall of Science and Electrical Building are dedicated, 70 per cent of all the exposition's major building projects will be completed or well under way. Next Fall will see a start made on the remaining projects.

The fence will extend along the east side of Chicago's celebrated Inner Drive.

Card Of Thanks

We desire to express our sincere thanks to each and all of our friends who were so kind, sympathetic and helpful to us during the sickness and death of our dear mother, Patsey Ann Estes, and especially do we thank Rev. William Warner and Rev. Luther Newnam for their kind and consoling words so appropriately expressed at the funeral as well as the Mt. Olive choir for the beautiful music at the services.

Drug Store To Reopen

The bankrupt stock of the Sherman Drug Store, which was bought at public auction by Fred Howerton, is being moved to the Jackson building and the store will probably be opened the last of this week. The firm name under which the store will operate was not learned. Ralph Sherman, former owner, will act as manager.

To Install Water Meters

Thomas C. Pryse has announced the purchase of thirty-two new water meters to be installed soon. The meters are of a standard type and were purchased from a Cincinnati firm. At present a flat rate is being charged to all consumers but with the installation of the meters charges will be made on a consumption basis. The meters will arrive in a few days and installation will begin at once.

One Railroad Year

The detailed statement of operating receipts and expenses of the American railroads has recently been issued for 1930, the last year for which complete details are now available.

It is an interesting document and of importance to every investor, every worker, every citizen. During the year the total operating receipts from all sources were slightly over \$5,281,000,000. More than \$4,000,000,000 of this was required to keep property going—wages and cost of operating equipment. After deducting taxes, rent of leased roads, interest on borrowed money—paid to more than 1,000,000 holders of bonds and equipment trust certificates—and total fixed charges, \$265,000,000 was left, to which was added net miscellaneous income of something less than \$31,000,000.

Cash dividends on railroad stock—an average return of six per cent on total stock outstanding, which represents nearly half of the roads' invested capital and is owned by 852,318 persons—totaled \$497,000,000. Thus, the railroads were not only left with a deficit of \$201,167,000, but had absolutely nothing available for investing in new railroad facilities, or for making up deficiencies incurred in previous years, or for creating reserves for bad years in the future.

This is a serious state of affairs—and the importance of it is easily imagined when we realize that the railroads have been the greatest employers of labor and purchasers of supplies in the nation. Their problem is everybody's problem—and what is finally done to solve it will affect us all.

Hopkins county farmers are signing up cows for a cooperative creamery to be located at Madisonville.

E. B. Beatty Resigns As County Judge Pro Tem

Baby Entered In Hospital For Treatment To Eyes

Lilly Puckett, one month old baby daughter of Mr. and Mrs. James Puckett, of St. Helens, was entered in St. Josephs hospital at Lexington Wednesday for treatment to a severe infection of the eyes. It is feared that total loss of sight will result from the infection.

Entrance to the hospital was effected through the local health department and Miss Linda Neville of Lexington, who has charge of a special appropriation to care for cases of this type. The Puckett child is the third such case from Lee county to be benefitted by this fund in the last three months. The fund provides for a special room and special nurses and the services of an eye specialist.

Treatment in this case will continue until the case is cured or it is decided that there is no benefit to be derived from the treatment.

This Farmer Made Money Last Year

The farm economics department of the College of Agriculture, University of Kentucky, recently analyzed the farm records of a young man who made money last year despite low prices. Operating 275 acres, he had a gross income of \$6,841. After deducting taxes and allowing 5 percent interest on his investment he had left a labor income of \$1,249 above all farm expenses.

Diversification and good crop yields were important factors in his success. He raised sheep, hogs and poultry, and in addition milked 11 cows most of the year. He grew tobacco, bluegrass seed, corn, wheat and alfalfa.

Sales from the farm last year included 110 lambs, 141 hog, wool, butter and eggs. His tobacco crop brought \$1,710; bluegrass seed, \$500; wheat and straw, \$852; wool, \$150, and live poultry, \$125.

Products of the dairy were sold much of the time in the form of butter. Sale of butter totaled 1,920 pounds, the greater portion of which was retailed. Sixteen hundred dozen eggs were sold. A considerable part of these were retailed. This direct selling of butter and eggs was an important factor in increasing the profits from this farm.

Good crop yields were another important feature of this man's farming. His corn made 50 bushels to the acre last year, his wheat 43 bushels, and his bluegrass 14 bushels of rough cured seed. Tobacco produced 1,176 pounds to the acre. He grew all the roughage and most of the grain fed to his livestock. Eight and a half acres of alfalfa produced at the rate of 4 tons to the acre. His total purchases of mill feed amounted to \$275.

Pine Knot—Davis Cafe moved to new quarters.

Bradley Coomer Killed In Motor Car Wreck

Bradley Coomer, one of the best known section foremen of the L & N railroad and for many years foreman of this section was instantly killed in a motor car wreck at mile post 190 about a mile and a half from Chenowee Monday morning between 3:15 and 3:30.

Coomer with Breck Stacey and Taylor Butler, of St. Helens, and Luster Palmer and Led McIntosh, of Beattyville and James Johnson, of Elkatawa, were called out to clear a slide from the track at the O. and K. Junction about one o'clock Monday morning. The men left St. Helens at 2:40 on the way to the work of clearing the slide and in the darkness hit another slide that had not been reported. The rails were covered by about a foot of earth for the length of half a rail. When the car struck the slip it was turned over pinning Coomer and McIntosh beneath the wreck. McIntosh was extricated by the less seriously injured members of the crew and was not severely injured himself. All the men were cut and bruised considerably, but were able to return to their homes Monday with the exception of Stacey who is still in a Jackson hospital. He is expected to return the latter part of this week. The other men are under the care of the local L & N physician.

Coomer is survived by his wife and six children. Mary Edith, Russell, Evalde, Nellie, Anna Mae, Ruth, and his mother, two sisters and one brother.

Funeral services for Coomer were held at the Beattyville Baptist Church Tuesday afternoon with Rev. Wm. R. Royce and Rev. Furman Jones in charge of the ceremony. Burial was in the St. Helens cemetery.

Farm Loan Committee

The local Farm Seed Loan Committee met Monday with G. D. Hieronymus, Dr. A. B. Hoskins and T. T. Brandenburg, members of the Committee present. The first batch of applications for loans was forwarded to the St. Louis office. From present indications the number of applications will not be large this year. The Committee has received information that applications may be filed through the month of April. This service is not to take the place of local credit, but is for farmers who are unable to finance their 1932 crop production from other sources.

Lee County farmers who need and contemplate using this source of credit should make application at once. Loans may be secured to purchase seeds, feed and fertilizers for the 1932 crop and can be spent for no other purpose. Application blanks may be filled out at the county agent's office in the Jackson building, Beattyville, each Monday and Saturday morning.

Long Shoal 4-H Club Meets

The Long Shoal 4-H Club met at the school house a few days ago with the following members present: Roy Greer, Robert Taylor, Robert Lee Palmer, Omer Fox, Hester Palmer Cephas Fox, Junior Hogan, Zenith Palmer, Allie and Elsie Fox. Pigs, corn, chickens, turkeys, sheep, calves and tomatoes are the projects which they have selected and most of the members have already started work and the others will as the time to start comes around. Officers elected by the club at this first meeting were: Robert L. Taylor, president; Roy Greer, vice president; Lee Palmer, secretary, and Harve Fox, leader.

Elwood Napier, a Powell county 4-H club boy, grew 460 pounds of tobacco from a quarter of an acre and sold it for an average of 20 cents a pound.

Twenty Henry county farmers are planning to grow an acre each of strawberries.

ACID STOMACH

EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless, and fast-acting, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts. Be sure to get the genuine.

The ideal dentifrice for clean teeth and healthy gums is Phillips' Dental Magnesia, a superior toothpaste that safeguards against acid-mouth.

Lee County Farm Notes

When possible to do so, plant "Certified" Irish potato seed.

Indications point to a good crop of soybeans to be sown in Lee county. Seed is very reasonable in price.

R. C. Goe plans to grow a crop of soybeans this year and one acre of cane.

Newton Angel plans to sow around 10 acres to grass and a crop of soybeans this year.

Orville Lutes of Union community will sow Korean lespezoza with his oat crop this spring.

Strawberry plants and grape vines are very low in price and it would be a good time to set some of each for the home fruit garden.

Have you noticed the nice clover growing on the farm of Dock Abner started for him by Ruth Kincaid. The land was limed and fertilized. See the article elsewhere in this issue of The Enterprise on selected clover seed.

Dr. Smith has a fine lot of pure bred Duroc pigs, just as good as you see anywhere. He recently secured a fine pure bred Duroc boar.

When Lee county farmers find a good thing they are quick to take hold of it. When they discovered the merits of soybeans they were soon growing hundreds of acres of this fine legume hay, and now Korean lespezoza the new legume pasture and hay crop has made its appearance and many crops are being sown this spring.

Henry Rasner of Lower Buffalo community is planning to plant one and one-half acres to Irish potatoes. Car loads of Irish potatoes are being shipped into Lee county every year. Enterprising farmers could get some of this potato trade by growing more potatoes.

Wilson Begley of Delvinta community plans to sow 3 acres to soybeans and he plans to grow one acre of cane for sorghum molasses.

April is the best month in which to set strawberries and the sooner now the better. Plants are low in price and every home garden should have a patch of strawberries. Blakemore, Klondike and Premier are some of the good early varieties and the Aroma is one of the best for the mail crop. T. T. Brandenburg of Heidelberg has a nice strawberry patch and he is setting a new patch.

M. Brandenburg of Lower Buffalo will sow a fine crop of Tokio and he plans to order 50 bushels of this seed for other farmers in the community. Mr. Brandenburg likes the Tokio better than any soybean he has tried.

Korean lespezoza is immensely superior to common for either hay or pasture. The seed is now cheap enough to warrant its general use in place of common. It can be sown any time through April, but we believe the earlier now the better. Where sown alone for hay or pasture 15 to 20 pounds per acre is suggested. Three to 5 pounds per acre in a grass mixture gives good results in a pasture grass mixture. It may be sown with oats or other small grain and when this is cut the Korean will come on and make a good crop of hay or good pasture after the oat crop is harvested.

Four-H Club Notes

J. M. Feltner, Assistant State Club Leader, attended the Club Conference in Beattyville last week.

Omer Fox, member of Long Shoal 4-H Club, has a spotted Poland-China pig for his club project.

Hester Palmer will raise White Leghorn chickens as her project. Hester is a member of Long Shoal Club.

Zeneth Palmer has a lamb and will grow tomatoes also as her 4-H Club projects.

Herman Crawford of Union 4-H Club plans to grow a pure bred pig and he is thinking about growing some Korean lespezoza as his projects.

Cephas Fox has a nice ewe and twin lambs for his club project and Cephas is very proud of his start in the sheep club.

Roy Greer, member of Long Shoal Club, will grow an acre of corn for his project this year. Roy is V. President of his club.

The following members of Proctor 4-H Club who are growing one-tenth acre of tomatoes have received the seed for their club project: Thelma T. cher, Maggie Plummer, Josephine Carter, Marie Phillips, Essie Mae Plummer and Albert Cole. Bonnie Best is the variety to be grown.

Robbie Cable, member of Cable 4-H Club, plans to grow a crop of onions as his club project. Robbie represented his club at the Officers and Leaders Conference in Beattyville last week.

Allie and Elsie Fox joined the Long Shoal Club last week and Elsie will grow a Poland-China pig and Allie a calf for their projects. They have secured their animals.

Junior Hogan is planning to grow one-tenth acre of tomatoes for his club project. The seed has been received and Bonnie Best is the variety he will grow.

Robert Taylor and Lee Palmer each plan to grow Barred Rock chickens as their club projects. Robert is president of Long Shoal 4-H Club and Lee is secretary.

Club Boys Start Breeding Herds

Five Harrison county 4-H club boys have purchased Angus cows with calves at side as foundations for herds of purebred beef cattle. They are George Midden, James Gray, Robert Haviland, Joe Marsh and Joseph Midden. The calves will be fattened for the fat cattle show and sale at the Bourbon Stock Yards in Louisville, and the cows kept and breeding herds built up.

The development of breeding herds by farm boys is a part of the 4-H club educational work of the College of Agriculture, University of Kentucky. Under the direction of county agents and field agents from the College, outstanding farm boys are taught the fundamental principles of good livestock breeding.

Forty-five Hereford calves, purchased in Kansas City, Mo., have been distributed to 28 Montgomery county 4-H club boys and girls. They weighed approximately 500 pounds and cost an average of \$37.50 at Mt Sterling. Montgomery county 4-H club members also are finishing 15 Angus calves for the fat cattle show and sale at the Bourbon Stock Yards.

Issues Statement On Nursery Inspection

Requests for out-of-season inspection of strawberry and other plants brought the following statement concerning nursery inspection from W. A. Price, Kentucky state entomologist:

"The nursery inspection act passed by the General Assembly in 1926 provides that every package of nursery stock sold in the state or given to a common carrier in the state shall be accompanied by a certificate of inspection. These certificates are obtained by applying for inspection to the department of entomology and botany, Agricultural Experiment Station, Lexington. After the inspection is made and the plants are found to be apparently free of injurious insects and plant disease a fee of \$5 in collected in accordance with the provisions of the Act and a certificate is issued. A request for inspection services implies obligation to secure the certificate.

"The inspection season varies with different plants. Bulbs, narcissi especially, receive two inspections per year—the first during the blooming period and the second after the corms have been harvested. The brambles likewise receive two inspections during June and July. Other plantings, including the general nursery and strawberry patches, will be inspected during the growing season from June 1 to October 1.

"All requests for inspection of any kind pertaining to plants, except bulbs, should reach this office before June 1. Bulb requests should reach us by March 1.

"The inspector's itinerary for all inspections except bulbs will be made up June 1. Any inspections made as a result of requests received after this date and which cannot be included in the regular itinerary will be considered special. The expense of such inspections will be borne by the recipient of the service."

Seven Departments Over The Top In Legion Membership

Indianapolis, Ind.—Seven departments of the American Legion are now over the top in 1932 membership, according to records of the national treasurer here. Nevada exceeded its quota for the year on March 7th, Michigan on March 9th, West Virginia on March 16th, and the department of France on March 14th. Other departments already over the top in the order named are Hawaii, Rhode Island and Maryland.

81st Division Reunion

Former members of the 81st "Wildcat" Division have been requested by Staff Sergeant James E. Cahall, 2012 Portner Place, N. W., Washington, D. C., to communicate with him in regard to plans for a reunion. According to Cahall, it is planned to hold a reunion in Washington in June.

4-H Club Conference

Last Friday afternoon the 4-H Club Officers and Leaders Conference was held in the county agent's office with twenty officers and leaders representing seven of the organized 4-H Clubs of Lee county. J. M. Feltner, Assistant State Club Leader, was present and conducted the conference which was one of the best ever held in the county.

It was decided by those present to have outline programs furnished each club for use in meetings and that membership cards be supplied each member who started work on the project before June 1st, and that a nice placard be furnished each club member working on a project to be tacked up at the member's home. It was also decided that Achievement Day exercises be held in November and that the County Champion Club Members be announced at this meeting. It was decided that the next conference be held June 25th and the County Committee was instructed to select the place and plan for a County-Wide 4-H Club Picnic at that time.

The county officers elected were: President, Martha Jones; vice president, Forest Price; secretary, Christine Mays; song leader, Tressie Jones; cheer leader, Christine Mays.

Officers and leaders present were: Herman Crawford, president and Barney Spencer, leader, Union Club; Miss Eunice Bailey, leader, Gum Spring Club; Robbie Cable, president, and Geneva Whisman, secretary, Cable Club; Sue Hieronymus, president, Monica Club; Forest Price, president; Christine Mays, leader and Mabel Price, member of Cross Roads Club; Francis Mattocks, president, Tressie Jones, vice president, Josephine Carter, secretary, Ahna Jones, leader, Martha Jones, song leader, Maggie Plummer, cheer leader and Jesse Roach, member of Proctor Club, and Boyd Brandenburg, president, represented Pawpaw Club. Miss Gene Hieronymus a popular teacher and former club member was one of the visitors at the conference.

Every one present entered into the conference with a fine 4-H Club spirit and among the many things discussed for the advancement of 4-H Club work in the county were plans to have the clubs represented at Junior Week in June and the District Camp in August.

Twenty home-made brick brooder stoves are being used in Barren county.

Unadapted Varieties Cause Clover Failure

Attempting to grow unadapted varieties is responsible for most red clover failures in Kentucky, is the conclusion reached by Dr. E. N. Fergus, author of a new bulletin of the Experiment Station, University of Kentucky, entitled, "An Analysis of Clover Failure in Kentucky." He made an extended study of all possible causes of red clover failure, such as poor soil, diseases, insects, winter-killing, unadapted seed, and the like. He notes that trouble with clover growing developed about the year 1900, which happens to be about the date of the introduction of seed from southern Europe and other countries where the climate is mild. Clover grown from such seed winterkills in all but mild winters in the state, and also is often destroyed by disease.

Dr. Fergus recognizes that a large part of the soils of Kentucky are too poor to grow red clover successfully until they have been limed and fertilized, and states that until such soils are suitably treated clover cannot become a major crop even though adapted strains are sown.

Farmers are advised to use seed from varieties that have been grown successfully in Kentucky for several years. If they cannot obtain such seed, then they should secure seed produced in this state or in regions adjoining Kentucky.

Among The County Agents

Daviess county reports increased interest in growing burley tobacco. Forty-three farmers have secured seed from the Experiment Station.

Pulaski county farmers are milking more cows since the establishment of a milk plant at Somerset.

Pasture improvement and the production of more feed are the major projects in every community program in Elliott county.

Grass and pasture mixtures, legumes, road improvement, gardens, poultry and soil erosion are included in 13 community programs in Rockcastle county.

Flocks fed home-mixed rations made the best record in Christian county egg-laying contest last month.

The state veterinary department is planning to test Knott county cattle for tuberculosis during June.

Graves county farmers have asked for demonstrations in fixing their 1932 tobacco crop.

PAIN

HEADACHES, NEURITIS NEURALGIA, COLDS...

Whenever you have some nagging ache or pain, take some tablets of Bayer Aspirin. Relief is immediate!

There's scarcely ever an ache or pain that Bayer Aspirin won't relieve—and never a time when you can't take it.

The tablets with the Bayer cross are always safe. They

don't depress the heart, or otherwise harm you. Use them just as often as they can spare you any pain or discomfort. Just be sure to buy the genuine. Examine the package. Beware of imitations.

Aspirin is the trade-mark of Bayer manufacture of monoacetic acid ester of salicylic acid.

Our Presidents And Their Wives

Theodore Roosevelt

The youngest man ever to reach the Presidential office, Theodore Roosevelt at 42 had been Police Commissioner of New York, Civic Service Commissioner, Assistant Secretary of the Navy, Commander of the Rough Riders in Cuba, and Governor of New York.

His outstanding act as President was to start building the Panama Canal. He vigorously fought trusts and monopolies. Congress enacted the first bill to irrigate the desert lands of the west, and created a new Department of Commerce and Labor. A new railroad act, inspired by the evils of rebates given to favored shippers, empowered the Interstate Commerce Commission to fix rates. The Alaska Boundary was settled, a pure food bill enacted, and the Japanese-Russian War settled by a treaty framed through Roosevelt's invitation, at Portsmouth, New Hampshire. Roosevelt, who had succeeded the martyred McKinley, was easily elected in 1904. With all his work, he was a hunter, horseman, tennis player, and he kept the public interested in many things not official such as his advocacy of large families.

He practically chose his successor, William H. Taft, but disagreed with him during his term, and sought nomination himself four years later. Losing to Taft in the Republican convention, he formed a new party, the Progressives, and made a lively campaign. Wilson, Democrat, was elected, with Roosevelt second and Taft a poor third.

Roosevelt hunted and explored extensively in Africa and South America. In 1917 he asked permission to raise a division of troops for World War service, but it was not granted. He supported the war in an unofficial way. He wrote many books, and helped edit a magazine. An eternally active man, he died in his sleep, after a short illness, at 61. A popular idol, he had lived up to his famous slogan, "The Strenuous Life."

Edith K. Roosevelt

The first Mrs. Roosevelt, Alice Lee, daughter of George Cabot Lee of Boston, died in 1884, leaving one daughter, Alice Lee Roosevelt, who was married at the White House in 1906 to Nicholas Longworth of Ohio, later Speaker of the House of Representatives.

The second Mrs. Roosevelt was Edith Kermit Carow (1861-), daughter of Charles Carow of New York. They were married

Are More Women Drinking?

"I do not believe there is in America today a hotel low enough to be called a flop house for women, yet I remember when there were some in every city."

"There was one in Cherry Street in New York. It was an unroofed yard in the rear of a frightful tenement. Nearly all the grocers in that district maintained drinking rooms in the rear of their stores."

"Women who entered the grocery to buy food and then had a few drinks in the back room often forgot that they had left children home who needed the food that they had come for."

"And when they were sleepy with beer they would go into the yard and sleep on the ground. In the summer you might look down and see twenty or more American women snoring in hideous concert. Our workers in that tenement field today believe that most of the patrons of the flop house are dead and they know that this type is not being recruited."

"It is sometimes argued on Country Club porches that women are drinking more than they used to." I do not think so."—Evangeline Booth, Commander-in-Chief of the Salvation Army.

in London in 1886, and had four sons and one daughter. Mrs. Roosevelt was a charming mistress of the Executive Mansion and the leader of the social life of the Capital. Her daughter, Ethel, is Mrs. Richard Derby of New York. The four sons, Theodore, Kermit, Archie and Quentin, served in the World War, where Quentin an aviator, was killed in action. Theodore, Jr., became Assistant Secretary of the Navy under Harding, and a candidate for Governor of New York in 1924.

Five Owen county farmers cooperating with the county agent in demonstrating good methods in poultry raising, produced eggs from November 1 to March 1 at a feed cost of less than 7 cents a dozen.

Green Bros., Grayson county farmers, will sow 2,000 pounds of korean lespedeza seed. One Leitchfield dealer has sold 5,000 pounds of seed.

Mixing rations according to Experiment Station recommendation, John Bailey, a Bath county farmer, has been producing eggs at a feed cost of 51-2 cents a dozen.

The Bib Dress
What Shall We Croon?
Meat for All
Houses With No Tax

Miami Beach, Fla.—The women of Miami have invented a new sort of dress called "the bandana bib," and all women throughout the nation should know about it.

It began with a large bandana handkerchief, two of its ends tied around the neck, the handkerchief brought down modestly over the chest and the other two ends fastened in front of the skirt or buggy pantaloons. This answers the purpose of modesty, covering the upper part of the body, leaving the back and sides exposed to the sun's beneficent rays.

Now dresses that imitate the bandana bib idea are regularly sold and worn by women throughout the day. The idea is only a bib above the waist. This idea will spread, with warm weather.

Mr. Rudy Vallee, who croons his emotions into the microphone, says President Hoover told him "if I could sing a song that would make the people forget their troubles, he would give me a medal." Some one suggests a song beginning: "My Country, 'Tis of Thee, Bring Back Prosperity." Many other suggestions are offered.

Better than a song to make people "forget their troubles" would be a song that would make people think about their troubles intelligently, understand them and work out of them.

Of 120,000,000 Americans a majority are quite ready to throw their troubles on the lap of somebody else, saying, "You take care of them."

Before the "troubles" end, many Americans will learn that they must solve their own problems, because nobody else is going to do it for them. And many, many Americans will discover in sorrow that work is a part of life, for which there is no permanent substitute.

Robert P. Lamont, Jr., son of an American cabinet officer, arrived in Moscow, bringing to Russia one of the "ten-gallon hats" well known to our western country, and a plan for doubling Russia's supply of cattle, pigs and sheep within a short time.

Seventeen million cattle are to be changed to 34,000,000 cattle, and so with pigs and sheep as rapidly as nature can do the work. Every farmer knows that it is not much of a task. Our own government made such experiments on a small scale, with 1,000 reindeer planted in Alaska, changed suddenly to 30,000 reindeer. But we do these things fancifully and fitfully.

The Russian government proposes to produce enough beef, mutton and pork for every man, woman and child in Russia, and to see that the Russians get it, and eat it.

Conspicuous citizens of Florida, including Carl Fisher and Edward C. Romf, president of the Miami First National bank, advocate a change in real estate taxation that interests every region.

They would exempt from all taxation the house in which a man lives, up to a certain value on house and land, suggesting, reasonably, that a man should have somewhere on earth a place that really belongs to him and his children, as long as they last, once he has paid for it.

This suggestion, if carried out, would bring millions to live in Florida. It presents a pleasant change from other plans that would compel every American to spend his life pursued by tax gatherers, with no hope this side of the undertaker's embalming department.

If the pursuit of pleasure, sport in any form, interests you, fishing, shooting, this is your country. One young man from Dr. Mather Abbot's Lawrenceville school, here for the Easter vacation, hoped that he might catch a sailfish. The first day with the renowned Capt. Tommy Gifford, he caught one six feet long, and many other fish. He got two more fish even bigger the second day. At this moment he is off to the depths of the Everglades, 150 miles away, with Indian guides, looking for wildcats that weigh up to 50 pounds, and hoping to find a panther, an animal that grows bigger in Florida than anywhere else, according to guides.

Just at present this big government, like a car off the track, is zigzagging through space, not quite certain in what direction it is going.

When a boy makes a small stone skip on a pond, it matters little whether it turns left or right.

But it does when the greatest, richest country in the world imitates the skipping stone and pursues its career without a plan.

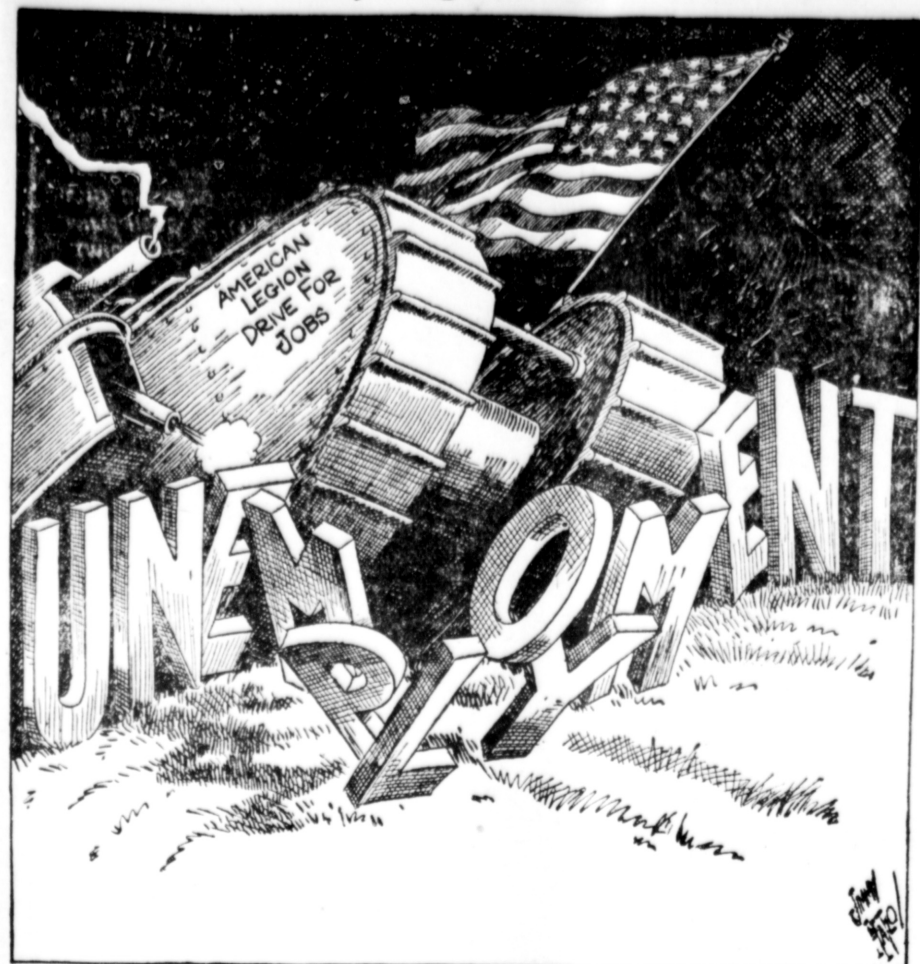

Our problem is lack of employment, and while feeble, futile efforts are made to solve that problem, fools invent a tax system that would discourage all enterprise and make lack of employment greater than ever.

The world remembers now the one hundredth anniversary of Goethe's death. And this country should remember especially the last words that Goethe uttered: "Mehr Licht." "More light."

His eyes were closing, the light leaving them forever. But ours are open. Light is abundant.

TOMATO NUTRITION

EVERYONE is familiar with the story of the lawyer who told the court that there were nine reasons why he couldn't produce his client, the first of them being that his client was dead—and the judge's famous reply "Well, you needn't bother about the other eight reasons."

It's something like that with tomatoes. There are all of nine reasons why tomatoes should appear upon the menu of every household three or four times a week—the first of them being that they are so good. Three of the best possible arguments for serving tomatoes are represented by the recipes at the end of this little article. Just bake the first, stew the second, and freeze the third, and you won't need to have any discussions with your family about the nutritive value of this fruit—for the tomato, by the way, is a fruit.

The Reason Why

Like most true fruits, it is low in fats and proteins and therefore very easily digested. Its carbohydrate content is the greatest of all the fundamental food components, and consists principally of the sugars glucose, fructose and sucrose. The pleasantly sour taste of the tomato is due to a curious blending of these sugars with the organic acids present in the fruit.

Tomatoes tend to increase body alkalinity and offset in part the acidifying effect of meat, fish, fowl, eggs and cheese, and should therefore be served with them. It is, however, as a vitamin carrier that tomatoes are most valuable. When the content of vitamins A, B and C is taken into account, there is no other common fruit or vegetable which is superior in this respect to canned tomatoes.

We say canned tomatoes because it has been shown by most careful tests that the vine-ripened tomato such as canned tomatoes are prepared from, is superior to the green fruit or to tomatoes ripened off the vine. The tomatoes purchased in the market often have been picked while still green and ripened while en route to the purchaser, while canned tomatoes are prepared from the raw product when it contains the maximum amount of vitamins. In the canning process there is only a slight loss of vitamins B and C and none at all of vitamin A. As there is plenty of water in tomatoes, no additional water is required for canning, so the canned fruit comes right into the kitchen delicious, naturally ripened, with its full quota of health-giving vitamins.

The new generation is acquiring the tomato-eating—or rather we should say the tomato-juice drinking—habit at a very early age, for doctors are now recommending tomato juice as a substitute for orange juice, the usual vitamin C carrier for infants. In fact one authority states that twice as much tomato juice as orange juice may be taken by in-

fants without digestive upset. Recent experiments also tend to show that tomatoes and lettuce are very helpful in the cure of certain forms of anemia.

So, if you wish your family to be well, rosy and snugly contented with home fare, give them such appetizing dishes as the following several times a week.

Now For the Recipes

Stewed Tomatoes and Mushrooms: Season one No. 2 can of tomatoes with three-quarters teaspoon salt, one teaspoon sugar, and five grains of pepper. Have ready one-half cup finely chopped pecans and one-third cup grated cheese. Put into a buttered baking dish alternate layers of tomatoes, pecans and cheese. Cover top with three-quarters cup of buttered crumbs and bake in hot—400° oven—twenty-five minutes.

Steamed Tomatoes and Mushrooms: Drain one 4-ounce can of mushrooms, and sauté gently in one tablespoon butter for three minutes. Add one No. 2 can tomatoes, salt, paprika, one bay leaf and one slice onion, and stew gently for ten minutes. Remove bay leaf and onion and serve with a diamond of toast on top.

Frappe Tomatoes: Remove paper from one 8-ounce can tomatoes and immerse in a mixture of ice and salt for four hours. Remove top from can and slide out frozen mold. Slice thin, and lay on bed of shredded lettuce. Serve with meat course. Serves six.*

A Firmly Established Industry

Nineteen-thirty-one proved life insurance to be one of the most firmly established of all American industries.

The volume of new insurance paid for during the year was but 13 per cent below 1930—and in 1931 the incomes of all classes of people were tremendously reduced. Over \$30,000,000 of new life insurance was sold every working day, and the year's total was over 300 per cent greater

than 15 years ago.

The stress of the past few years has definitely impressed the American people with the value of life insurance, not only as a protector, but as an investment. Loss experienced through less stable investments has turned many men to life insurance as a means of rebuilding estates.

This is particularly true of persons of moderate means—the great bulk of American citizens. Where, three or four years ago, John Jones was taking flyers in the market, on "knowledge" gained through tips and the

prognostications of "experts," he is now buying life insurance. He has learned his lesson. He has seen stock and bond investments, of a speculative nature, shrivel and die. But he knows the money he has invested in legal reserve life insurance does not fluctuate, regardless of stock market convolutions, and changes in the business world.

It is estimated that 1,000 dozen eggs a week have been going from Henry county to Louisville hatcheries.

Chicago, Convention Champion of 1932

Chicago Stadium in which the Democratic National Convention will be held. Inset—Melvin A. Traylor, member of the Civic Committee which obtained the Convention for Chicago.

CHICAGO has jumped into a long lead over other cities in the race for winning convention assignments, and particularly the two great assemblages of Democrats and Republicans in June puts Chicago well in the lead and gives the "Windy City" an opportunity to stage these colorful affairs as a curtain raiser to the "Century of Progress" which will be a headline attraction in 1933. Already the convention pot is boiling merrily as committees of prominent business men are organizing to receive thousands of visitors in Chicago during June.

One of the leaders who has helped to bring the blue ribbon convention assignments to Chicago is Melvin A. Traylor, president of the First National Bank and a business man with a flair for tackling big jobs. Mr. Traylor, a native of Kentucky, has achieved na-

tional and international fame in finance and business by his distinguished service in Chicago, Texas and throughout the Middle West. He was one of the delegation headed by E. N. Hurley and Mayor Cermak of Chicago who went to Washington and clinched their bid for the National Democratic Convention with a fund of \$200,000.

Chicago has exceptional facilities for entertaining both Republican and Democratic conventions within a single month. Already the engineers are at work with blue prints to arrange the interior of the huge Chicago Stadium where both conventions will be held.

The assembling of both conventions promises to be a great spectacle, for the arena where delegates will be seated will accommodate between 8,000 and 10,000. Circling the arena are 16,000 seats where guests and visitors may be accommodated.

Grow Them In Your Garden

The selection of the proper kind and amount of food is one of the most important pieces of health business in one's life. Everyone makes some kind of selection. Sometimes the diet selected contains everything that is essential to the nourishment of the body. If the quantity of all the food elements is approximately correct, good health will be favored as far as it is dependent on diet.

But, sometimes, the diet is lacking in certain important elements. The quantity of food appears to be sufficient, but the diet is not well balanced. Signs of ill health appear. The ill health may be the result of a lack of something in food. Or, it may be caused by eating an excessive amount of some one kind of food. The hunger may be satisfied with too much meat or by filling up on sweets.

Let it be understood that meat is an extremely valuable food. This is not a plea against vegetarianism. It is generally accepted by scientific dietitians that a well balanced diet should include some meat. At least, for people living in temperate or cold climates.

Sugar and sweets of the candy kind may also have a place in the diet. But certainly not in excessive quantities. Fruits and some variety of vegetables should have an important place. Vegetables contain starches, sugar and proteins besides mineral salts and vitamins. They are not only healthful and valuable foods, but often leave some fibrous residue in the intestine. This favors a normal action of the bowels and helps prevent constipation.

Besides, potatoes, turnips, beets, carrots, onions, and leafy vegetables such as lettuce, spin-

This record can be paralleled in other phases of the business. Good authority shows that, of all major industries, the power industry has maintained better than any other its employment level and its wage scales. During 1931, sales of power, and net profits, have naturally gone down with the drop in general industrial activity. But the industry's total of employes has been maintained at a consistently high level.

Louisville, Ky.—A gigantic American Legion radio program, a "Victory Membership Broadcast," in which the Legion posts of Kentucky, simultaneously with all the posts of other states throughout the world, will have a definite part, will be held April 18, according to an announcement of preliminary arrangements by T. H. Hayden, Jr., department adjutant of Kentucky.

The program will be in celebration of the successful work done on membership and as the climax to weeks set aside, honoring Past National, State and Posts Commanders.

Details of the great radio meeting are being worked out. The broadcast will constitute one-half of the program. The first forty-five minutes of the broadcast will be over the N. B. C. "red" network, and the last fifteen minutes over both the "red" and the "blue" coast-to-coast N. B. C. network. One hundred and forty-six posts in Kentucky will be in public meeting assembled at the same time.

Under the plan outlined by Henry L. Stevens, Jr., national commander, and being arranged by T. H. Hayden, Jr., department adjutant, each post is to have a guest speaker, from some other city or community, to address it as a part of the program.

Louisville, Ky.—During the month of April, American Legion Posts throughout Kentucky have been requested to hold meetings for the study and promotion of better international relations. A notice has been sent to all post commanders by Hart G. Foster, Lexington, chairman of Kentucky Department's Committee on Foreign Relations, designating April as the month for this purpose. This is in accordance with a mandate of the last National Convention that a certain period be set aside each year for posts to give their attention and consideration to the study of international relations.

Danville, Ky.—J. Thompson Crooks, of this city, Americanism Chairman of the American Legion, Department of Kentucky, is preparing an appeal to every post of the organization in Kentucky to enter a team in the Legion's 1932 Junior Baseball program. Last year half a million boys participated in this great feature of the Legion's Americanism program, Kentucky having approximately 150 teams. Chairman Crooks anticipates a large

increase in the number of teams entering in the Kentucky program this year.

Harrodsburg, Ky.—Bacon R. Moore, Department Commander of the American Legion, in reviewing the Legion's War On Depression Campaign in Kentucky, stated that he was well pleased with the progress made by posts in those communities that had organized and conducting a militant campaign. He cited the results being obtained in Louisville where the Campaign is just now well under way, 2360 men having been returned to gainful employment and over one million dollars pledged for new construction and repair work.

At Lexington, the campaign is under the direct supervision of the Chamber of Commerce, assisted by the Legion, and is obtaining splendid results.

Harry M. Byllesby, Ashland, Commander of Clarence Fields Post No. 76, American Legion, is leading a successful offensive in that city. Owensboro, Russellville, Paducah, Bowling Green, Newport, Marion, Mayfield, Princeton, Louisa and Somerset are also carrying on the Depression War in a most energetic manner, while some forty additional posts located in communities where unemployment is not such a critical problem, are actively engaged in every possible relief and business stimulating efforts.

Members of Daniel Boone Post No. 19, American Legion, Winchester, attended church services in a body at the First Baptist Church, Sunday morning, March 14.

Leslie H. Arthur Post No. 13, American Legion, Maysville, is in the midst of a blanket campaign to end with a Legion ball on Thursday night, April 7.

Christian County Post No. 21, Hopkinsville, is campaigning to give the post the largest membership in the history. Ben F. Winfree is Chairman of the drive.

Heidel Sanford Post No. 35, American Legion, Lancaster, celebrated the breaking of all membership records with a banquet. Bacon R. Moore, department commander, was the principal speaker.

Bourbon Post No. 30, American Legion, Paris, entertained Scott County Post No. 24, Georgetown, with a banquet at the Windsor Hotel, March 22. The Georgetown outfit won the free banquet in a membership contest with the Legionnaires.

W. O. Johnson Post No. 89, American Legion, Louisa, will entertain Clarence Fields Post No. 76, Ashland, with a banquet at Louisa, July 4, paying a wager won by the Ashland post in a membership contest.

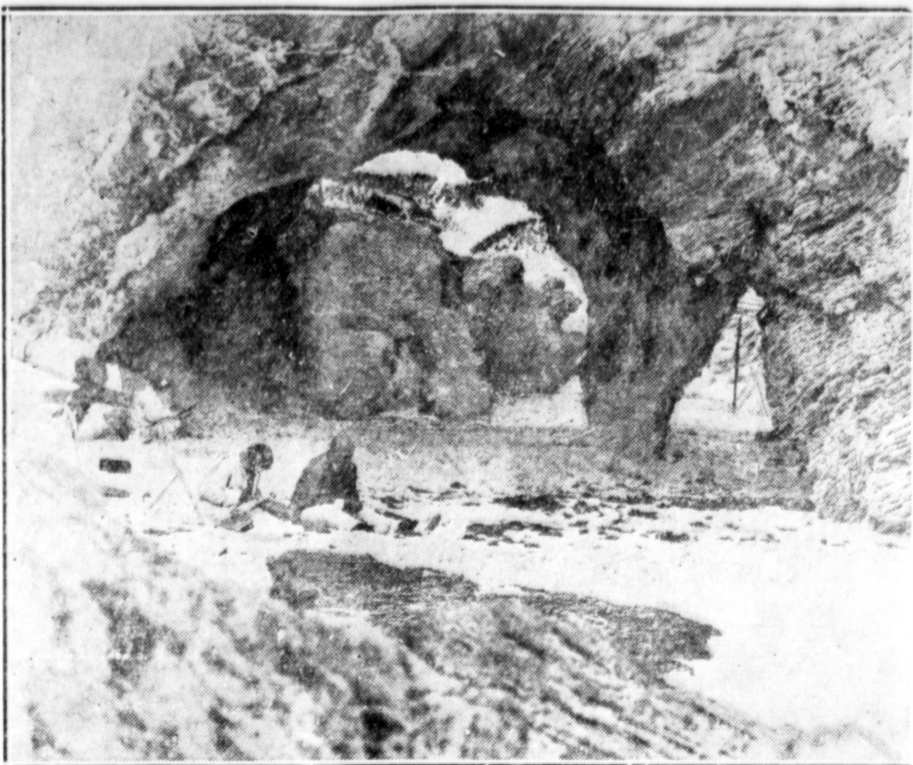

Ellis B. Ordway Post No. 111, American Legion, Marion, presented the moving picture "Alexander Hamilton" featuring George Arliss, March 21, 22. The proceeds went to the posts general fund.

The Auxiliary of Greensburg Post No. 124, Greensburg, staged a womanless style show Friday night, March 19.

Mrs. H. J. Luig, Cynthiana, Ky., American Legion Auxiliary Committeewoman for the 9th District, organized a unit of the Auxiliary for Corbie Ellington Post No. 126, Morehead.

A revival meeting was held by Washington County Post No. 93, American Legion, Springfield,

Farms Made To Pay Regardless of Size

Records gathered by the department of farm economics at the College of Agriculture, University of Kentucky, indicate that some farms were made to pay last year, regardless of their size. Figures are announced on a 550-acre farm.

The 550-acre farm gave a net return of 5 percent interest on an investment of nearly \$100,000, after deducting taxes and all other expenses, and there was left a small profit in addition. Receipts for the year totaled 12,138, and expenses 6,957.

The owner sold 162 lambs, 49 beef cattle, 31 hogs, a small amount of poultry, and 10,350 bushels of bluegrass seed. Tobacco was of minor importance, bringing only \$716. Corn yielded 62 1-2 bushels to the acre, tobacco 1,113 pounds, bluegrass seed 233-4 bushels and soybean hay two tons to the acre. Expenses included \$1,469 for feed, \$1,625 for labor and \$1,443 for improvements to building and machinery.

A 100-acre farm devoted principally to tobacco and sheep returned net earnings of \$1,185 last year. Receipts totaled 4,160 and expenses \$2,164. Seventy-five lambs and 16,520 pounds of tobacco were sold. Tobacco yielded 1,270 pounds to the acre and brought an average of \$15.70 per 100 pounds. Alfalfa hay, poultry and dairy products were minor sources of income. Expenses included \$1,080 for labor, \$120 for feed and \$145 for improvements.

Asks That Unused Wards Be Opened

Washington, D. C.—In view of the scarcity of hospital facilities for the treatment of veterans suffering from tuberculosis, the American Legion is urging the Veterans' Administration to arrange for the reopening of three hitherto unused wards at the Veterans' Hospital, Whipple, Arizona. It is pointed out that this, with the appointment of a limited number of medical and other personnel, would make available about 150 beds almost immediately. From the last statistics received in the Legion's rehabilitation office here, about 100 veterans are on the waiting list for admission to hospitalization in the of Arizona alone.

Thursday night, March 24. After two years of inactivity, the Washington County outfit is now back in good standing.

Garden Subject Of Kentucky Woman In Big Radio Program

A Kentucky farm woman, Mrs. Horace Harting of McCracken county, speaking on the radio from Chicago in a recent National Farm and Home Hour, told how she grows a garden that yields fresh vegetables during the year and a supply for canning and storing. At the request of the United States Department of Agriculture, Dean Thomas P. Cooper of the College of Agriculture, University of Kentucky, selected Mrs. Harting to tell the nation how she produces a real live-at-home garden in Kentucky.

Mrs. Harting divides her garden into three parts: Extra early, early, and late. The extra early garden is worked in the fall, and then as early as possible in the spring planted to peas, potatoes, lettuce, mustard, cabbage, beets, onions and radishes.

The rest of the garden is divided among three kinds of crops: The perennials, such as rhubarb; the vegetables which are to grow all summer and be ready for winter use, such as parsnips, salsify and carrots; and the quicker maturing plants, such as peas, beans, tomatoes and potatoes. When these vegetables are gone, a late fall garden of turnips, tender green and turnip greens is planted.

In the early part of the garden Mrs. Harting grows peas, beans, potatoes, lima beans, early tomatoes, cabbage, okra, early cucumbers, parsnips, carrots and salsify. Rhubarb is put near the border, where it is least disturbed and yet can be cultivated. Next to the rhubarb, and between the early and late gardens, a space of 10 feet is left for flowers.

The late garden contains beans and tomatoes for canning, beans and sweet potatoes for winter storing, and cucumbers, sweet pepper and hot pepper, and also peanuts, popcorn for winter, and watermelons and muskmelons. By planting green beans every two or three weeks Mrs. Harting has beans all summer until frost and a sufficient supply for canning.

By the time the extra early garden is gone the other vegetables are ready for use throughout the summer. About the last of August or first of September lettuce is sowed on the ground used by the extra early garden. This can be covered with canvas during severe weather and thereby made to produce all winter.

In the early garden, where the quick maturing plants were pro-

Turkey Raisers Discuss Problems

Approximately 150 men and women from 25 counties attended the meeting of turkey raisers at the Experiment Station of the University of Kentucky. Speakers included Prof. F. E. Mussehl of the University of Nebraska; Prof. D. G. Card and J. Holmes Martin of the University of Kentucky, and Robert W. White, a Bourbon county farmer. Problems of disease control, brooding, feeding and marketing were discussed.

Turkey prices are considered relatively better than those of most other farm products; but farmers were told they may be lower next fall. Adverse business conditions are affecting the demand for turkey, especially in hotels and restaurants. It was pointed out there is a better demand for lighter birds, weighing 8 to 10 pounds, than for those weighing 12 to 14 pounds.

Sixty-seven Rockcastle county orchards have been pruned, as a result of demonstrations given by the county agent.

duced, turnips, winter greens and tender-green are sowed for winter use. In this way the Harting family has at least six fresh vegetables from their garden. These are turnips, parsnips, carrots, salsify, lettuce and greens.

Mrs. Harting added winter onions and celery to her list of vegetables this year. Last year she tried three new ones: Salsify, tender-green and a new variety of English peas.
